

APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.ⁱ This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

COVID-19 pandemic. This Appendix K amendment is additive to previously approved Appendix K amendments.

This amendment applies to participants receiving services in waiver IL.0326. Since the inception of the Supportive Living Program (SLP) as a Home and Community Based service in the mid-1990s, customers receiving services through the Supportive Living Program have been able to receive SNAP benefits, and their providers have been able to serve as SNAP retailers. In 2017, the USDA questioned the appropriateness of the arrangement under their existing rules and regulations. Congress enacted legislation to grandfather-in existing providers, though that provision will expire at the end of this calendar year.

Effective 1/1/23: To ensure continued access to healthy meals, without SLP customers having to move to a nursing facility, the state will use Section 9817 ARP funds for two meals. The base waiver will be amended to include this change prior to the expiration of this Appendix K amendment.

F. Proposed Effective Date: Start Date: January 27, 2020 **Anticipated End Date:** Six months following the end of the PHE.
