Contractor shall continue to accept Potential Enrollees for enrollment until the Department determines that any further enrollments would exceed Contractor's capacity based on a review conducted pursuant to section 4.15. Contractor shall accept each Potential Enrollee whose name appears on the 834 Audit File and 834 Daily File. Enrollment shall be without restriction and shall be in the order in which Potential Enrollees apply or are assigned. Contractor shall not participate in facilitating enrollment, including during the Open Enrollment Period. Contractor may educate a Potential Enrollee regarding the specific elements of Contractor, provided that Contractor engages in no Marketing activities prohibited under section 4.17. Contractor shall refer all requests for enrollment to the ICES, which shall not be considered "facilitating enrollment." Nothing in this Contract shall be deemed to be a guarantee of any Potential Enrollee's enrollment with Contractor.
- 4.1.2 For new Enrollees transferring from another MCO, the Department will notify Contractor of the Enrollee's previous MCO, and Contractor will immediately request the Enrollee's IPoC from that MCO.
- 4.1.3 For past Enrollees who have left Contractor's Health Plan, Contractor shall provide an Enrollee's IPoC within ten (10) Business Days after receiving a request for it from the MCO in which the individual is enrolled.

4.2 ILLINOIS CLIENT ENROLLMENT SERVICES

All enrollments will be processed by the ICES. The Department will provide Contractor with samples of the enrollment information mailed to Potential Enrollees by the ICES. Contractor may provide comments, for the Department's consideration, relating to the accuracy of that information as it pertains to the Contract. Contractor may be asked to provide material or other information for the enrollment information mailed by the ICES.

4.3 INITIAL PROGRAM IMPLEMENTATION

Beginning on the Effective Date, the initial enrollment of Potential Enrollees in the Contracting Area will be phased according to a schedule set by the Department in order to ensure a smooth transition and to minimize disruption of care. The Department retains the right to begin on a later date and to stagger enrollment in its sole discretion. An Enrollee with Contractor who does not exercise the right to voluntarily enroll with another MCO when the Enrollee has the opportunity will automatically remain an Enrollee with Contractor.

4.4 CHOICE IN ENROLLMENT

- 4.4.1 Individuals who were enrolled with Contractor on the day before the Effective Date will be assigned as Enrollees with Contractor on the Effective Date. Such Enrollees will have a ninety (90) day change period after assignment to select another MCO as provided in section 4.10.1.
- 4.4.2 Individuals who were enrolled on the day before the Effective Date with a MCO that does not have a contract with the Department on the Effective Date will be assigned as Enrollees to a contracted MCO on the Effective Date using an algorithm defined by the Department. Such Enrollees will have a ninety (90) day change period after assignment to select another MCO as provided in section 4.10.1.
- 4.4.3 All Potential Enrollees not explicitly described in section 4.4.1 and section 4.4.2 will have an opportunity to choose a MCO. These Potential Enrollees will have a thirty (30) day voluntary enrollment period before they are enrolled by automatic assignment to a MCO. All such Enrollees will have a ninety (90) day change period after assignment to select another MCO as provided in section 4.10.1. A Potential Enrollee will have the opportunity to select a PCP when choosing a MCO. On a daily basis, the ICES will inform Contractor of the Prospective Enrollees who have voluntarily chosen Contractor and the PCPs that were selected. Enrollees already enrolled with Contractor will be given priority to continue such enrollment over Potential Enrollees if Contractor does not have capacity to accept all those seeking enrollment with Contractor.

4.5 ENROLLMENT BY AUTOMATIC ASSIGNMENT

A Potential Enrollee who is subject to mandatory enrollment and who does not select a MCO will be automatically assigned to a qualified MCO by the ICES. To be a qualified MCO, Contractor cannot be subject to the intermediate sanction described in 42 CFR 438.702(a)(4), and must have the capacity to enroll Prospective Enrollees. On a daily basis, the ICES will inform Contractor of Prospective Enrollees who have been enrolled with Contractor by automatic assignment and the PCPs to whom they were assigned. The Department and the ICES will design and implement an algorithm for enrollment by automatic assignment. The algorithm will consider existing PCP

relationships based on 42 CFR 438.54(c)(6), residence, family member assignments, geography, and cost. In no event will assignments or enrollments exceed the capacity of a MCO. The Department shall provide Contractor with a description of the algorithm for enrollment by automatic assignment of Enrollees.

- 4.5.1 The Department reserves the right to re-evaluate and modify the algorithm for enrollment by automatic assignment at any time for any reason during the term of this Contract, and may provide that the algorithm considerations include the Contractor's performance on quality measures, operational performance, and other measures relevant to program effectiveness. The Department shall provide written notice to Contractor at least sixty (60) days before implementation of any significant modification, as determined by the Department, of the algorithm for enrollment by automatic assignment.
- 4.5.2 The Department reserves the right to develop an algorithm for Enrollee PCP assignment, when no active choice made by an Enrollee, that may be based upon PCPs' performance measures and metrics as determined by the Department. The Department shall provide written notice to Contractor at least sixty (60) days before implementation of any significant modification, as determined by the Department, of the algorithm for Enrollee PCP assignment.

4.6 ENROLLMENT OF NEWBORNS

Newborns and infants who are added to the Case of an adult Enrollee who is the Head of Case and enrolled with Contractor are enrolled as follows:

- 4.6.1 When an Enrollee gives birth and the newborn is added to the Case before the newborn is forty-five (45) days old, the newborn is automatically enrolled with Contractor. Contractor shall provide coverage of the newborn Enrollee retroactively to the date of birth.
- 4.6.2 When an Enrollee gives birth and the infant Potential Enrollee is added to the Case when the infant Potential Enrollee is over forty-five (45) days old but less than one (1) year old, the infant Potential Enrollee is automatically enrolled with Contractor. Enrollment shall be prospective as provided in section 4.7.

4.7 EFFECTIVE ENROLLMENT DATE

If an enrollment is received and entered by the ICES, and it is accepted by the Department's database prior to the applicable cut-off date, coverage shall begin as designated by the Department on the first day of the following calendar month. If the ICES receives and enters an enrollment after the applicable cut-off date, and it is accepted by the Department's database after the applicable cut-off-date, coverage shall begin no later than the first day of the second calendar month following the date the enrollment is accepted by the Department's database.

4.8 UPDATE OF ENROLLMENT INFORMATION

Within five (5) Business Days after receipt of the 834 Audit File, Contractor shall update all electronic systems maintained by Contractor to reflect the information contained in the 834 Audit File received from the Department. Contractor shall use the 834 Audit File to verify Contractor's Enrollees for the subsequent calendar month. Contractor shall not wait for the 820 Payment File to update eligibility.

4.9 ENROLLEE WELCOME PACKET

Within five (5) Business Days after receipt of the 834 Audit File from the Department confirming that an enrollment was accepted, Contractor shall send an Enrollee welcome packet to the Enrollee. The packet shall include all basic information as set forth in section 5.21.1.

4.10 CHANGE OF MANAGED CARE ORGANIZATION

4.10.1 Initial enrollment and change period. During the initial ninety (90) days after the Effective Enrollment Date, whether the Enrollee actively selected the MCO or was enrolled by automatic assignment, the Enrollee shall have the opportunity to select a different MCO. Except as provided in section 4.10.3, the Enrollee shall not be allowed to change MCOs again until the Open Enrollment Period. If the Enrollee contacts Contractor to request a change of MCO during this ninety (90) day period, Contractor shall attempt to identify and resolve the Enrollee's concerns and if not resolved to the Enrollee's satisfaction, Contractor shall refer the Enrollee to the ICES. The MCO to which the Enrollee changes to is responsible for Care Coordination and Transition of Care planning. Unless otherwise specified in section 5.19, the MCO in which the Enrollee was first enrolled is responsible for payment for Covered Services through the effective disenrollment date and for cooperating with the Care Coordination and Transition of Care planning.

4.10.2 Open Enrollment Period. After the initial Enrollment Period as set forth in section 4.10.1, and once every twelve (12) months thereafter, each Enrollee shall have a thirty (30) day period in which to change MCOs in which the Enrollee is enrolled. No later than forty (40) days prior to each Enrollee's Anniversary Date, the ICES shall send notice to the Enrollee of the Enrollee's opportunity to change MCOs and the thirty (30) day deadline for doing so. If the Enrollee selects a different Health Plan during the Open Enrollment Period, enrollment in the new MCO will be effective on the Enrollee's Anniversary Date. Enrollees who make no selection will continue to be enrolled with the same MCO. Enrollees may not change MCOs at any time other than the Open Enrollment Period, except as provided in section 4.10.3.

4.10.3 Disenrollment by Enrollee. All disenrollment must be pursuant to 42 CFR §438.56.

- 4.10.3.1 When an Enrollee is subject to voluntary managed care enrollment under the Medicaid Managed Care Program, an Enrollee may disenroll from Contractor at any time and for any reason by notifying ICES.
- 4.10.3.2 When an Enrollee is subject to mandatory managed care enrollment under the Medicaid Managed Care Program, an Enrollee may request to disenroll from Contractor for any of the following reasons at any time by notifying Contractor, orally or in writing, of the Enrollee's request to disenroll. Subject to the requirements in section 4.14.4, such a request shall be granted by the Department when the reason matches any of the following as determined by the Department:
- 4.10.3.2.1 the Enrollee moves out of the Contracting Area;
 - 4.10.3.2.2 Contractor, due to its exercise of right of conscience pursuant to section 5.6, does not provide the Covered Service that the Enrollee seeks;
 - 4.10.3.2.3 the Enrollee needs related Covered Services to be performed at the same time, not all the related services are available through Contractor, and the Enrollee's PCP or other Provider determines that receiving the services separately would subject the Enrollee to unnecessary risk;
 - 4.10.3.2.4 when a change in Enrollee's LTSS Provider (residential, institutional, or employment support) from a Network Provider to a non-Network Provider results in a disruption to residence or employment; or,
 - 4.10.3.2.5 other reasons, including: poor quality of care; a sanction imposed by the Department pursuant to 42 CFR 438.702(a)(4); lack of access to Covered Services; lack of access to Providers experienced in dealing with the Enrollee's healthcare needs, or; if the Enrollee is automatically re-enrolled pursuant to section 4.11 and such loss of coverage causes the Enrollee to miss the open Enrollment Period.

4.11 RE-ENROLLMENT AFTER RESUMPTION OF ELIGIBILITY

If an Enrollee with Contractor is disenrolled due to the loss of HFS Medical Program coverage, but whose HFS Medical Program coverage is reinstated within two (2) calendar months, the Department will attempt to re-enroll the Enrollee with

Contractor provided that the Enrollee's eligibility status is still valid for participation and, subject to section 4.14.1.3, the Enrollee resides in the Contracting Area.

4.12 INSOLVENCY

If Contractor becomes insolvent or is subject to insolvency proceedings as set forth in 215 ILCS 125/1-1 *et seq.*, Contractor shall be liable for all claims for Covered Services and shall remain responsible for the provision of Covered Services and the management of care provided to all Enrollees until the Contract is terminated or expires.

4.13 CHANGE OF PRIMARY CARE PROVIDER OR WOMEN'S HEALTHCARE PROVIDER

Contractor shall process an Enrollee's oral or written request to change PCP or WHCP within thirty (30) days after the receipt of the request.

4.14 TERMINATION OF COVERAGE

4.14.1 The Department shall terminate an Enrollee's coverage when the Enrollee becomes ineligible for HFS Medical Program or otherwise is not within the population described as being Enrollees under this Contract, or upon the occurrence of any of the following conditions:

- 4.14.1.1 *Upon the Enrollee's death.* Termination of coverage shall take effect at 11:59 p.m. on the last day of the month in which the Enrollee dies. Termination may be retroactive to this date.
- 4.14.1.2 When an Enrollee elects to change MCOs during the change period (section 4.10.1) or Open Enrollment Period (section 4.10.2). Termination of coverage with the previous MCO shall take effect at 11:59 p.m. on the day immediately preceding the Enrollee's Effective Enrollment Date with the new MCO.
- 4.14.1.3 *When an Enrollee no longer resides in the Contracting Area.* If an Enrollee is to be disenrolled at the request of Contractor under the provisions of section 4.14.1.3 Contractor must first provide documentation satisfactory to the Department that the Enrollee no longer resides in the Contracting Area. Termination of coverage shall take effect at 11:59 p.m. on the last day of the month prior to the month in which the Department determines that the Enrollee no longer resides in the Contracting Area. Termination may be retroactive if the Department is able to determine the month in which the Enrollee moved from the Contracting Area.
- 4.14.1.4 *When the Department determines that an Enrollee has other*

significant insurance coverage or is placed in Spend-Down status. The Department shall notify Contractor of such disenrollment on the 834 Daily File. This notification shall include the effective disenrollment date.

- 4.14.1.5 When the Department is made aware that an Enrollee is incarcerated in a county jail, Illinois Department of Corrections facility, or federal penal institution. Termination of coverage shall take effect at 11:59 p.m. on the last day of the month prior to the month in which the Enrollee was incarcerated.
- 4.14.1.6 *When an Enrollee enters DCFS custody.* Termination of coverage shall take effect at 11:59 p.m. on the day prior to the day on which the court grants DCFS custody of the Enrollee.
- 4.14.2 The termination or expiration of this Contract terminates coverage for all Enrollees with Contractor. Termination will take effect at 11:59 p.m. on the last day of the month in which this Contract terminates or expires, unless otherwise agreed to, in writing, by the Parties.
- 4.14.3 Except as otherwise provided in this Article IV, termination of an Enrollee's coverage shall take effect at 11:59 p.m. on the last day of the month following the month the disenrollment is processed by the Department.
- 4.14.4 Disenrollment from Contractor as provided in sections 4.10.3 and 4.14.5 may only occur upon receipt by Contractor of written approval of such disenrollment by the Department. Disenrollment shall be effective at 11:59 p.m. on the last day of the month in which the Department approves the disenrollment, or of the next month if the Department is unable to give the Enrollee at least ten (10) days' notice before termination of coverage, as provided in sections 4.10.3 and 4.14.5, takes effect.
- 4.14.5 Contractor shall not seek to terminate enrollment because of an adverse change in an Enrollee's health status or because of the Enrollee's utilization of Covered Services, diminished mental capacity, or uncooperative or disruptive behavior resulting from such Enrollee's special needs (except to the extent such Enrollee's continued enrollment with Contractor seriously impairs Contractor's ability to furnish Covered Services to the Enrollee or other Enrollees). Contractor shall not take an Adverse Benefit Determination in connection with an Enrollee who attempts to exercise, or is exercising, his or her Appeal or Grievance rights. Any attempts to seek to terminate enrollment in violation of this section 4.14.5 will be considered a breach of this Contract.

4.15 CAPACITY

- 4.15.1 The number of Enrollees enrolled with Contractor will be limited to a level that will not exceed Contractor's physical, professional, and Provider Network

capacity. The Department may establish an enrollment threshold for Contractor, expressed as a percentage of Contractor's maximum enrollment capacity, as a component of the Readiness Review. The Department may also, at any time, set a maximum enrollment capacity based upon other factors including quality indicators or sanctions imposed pursuant to section 7.16.

4.15.2 Upon request by the Department, or at the times set forth in section 4.15.2.1, Contractor shall provide to the Department documentation that sets forth Contractor's physical, professional, and network capacity. The documentation must demonstrate that Contractor offers an appropriate range of preventive services, primary care, Behavioral Healthcare, and specialty services that is adequate for the anticipated number of Enrollees in the Contracting Area, and that Contractor maintains a Provider Network that is sufficient in number, mix, and geographic distribution to meet the needs of the anticipated number of Enrollees in the Contracting Area.

4.15.2.1 The Department will review the documentation:

- 4.15.2.1.1 each year on the anniversary of the Effective Date of this Contract, or such other date as the Department may designate;
- 4.15.2.1.2 when Contractor requests a review and the Department agrees to such review;
- 4.15.2.1.3 when there is a change in Covered Services, categories of Potential Enrollees, Contracting Area, or Capitation that can reasonably be expected to affect Contractor's capacity;
- 4.15.2.1.4 when there is a Change of Control, or a sale or transfer of Contractor; or
- 4.15.2.1.5 when the Department determines that Contractor's operating or financial performance reasonably indicates a lack of Provider or administrative capacity.

4.15.2.2 If the Department determines that Contractor does not have the necessary Provider or administrative capacity to provide Covered Services to any additional Enrollees, the Department shall provide written notice of such determination to Contractor, containing an explanation of the methodology used by the Department to determine Contractor's Provider and administrative capacity and allowing Contractor sixty (60) days to restore Provider and administrative capacity. In the event the Department reasonably finds that Contractor has failed to restore Provider and administrative capacity within sixty (60) days after Contractor

receives such notice, the Department may suspend enrollment (through auto-assignment, enrollment by Enrollee choice, or both), upon written notice to Contractor of such findings. Such suspension of enrollment may, at the sole discretion of the Department, be for an area that is not the entire Contracting Area. Thereafter, Contractor may, at any time, submit written evidence to the Department that Contractor has increased Provider and administrative capacity, which evidence the Department shall review in good faith. The Department shall, within thirty (30) days following the Department's receipt of such evidence, provide written notice to Contractor of its findings. If the Department finds that Contractor's Provider and administrative capacity has increased to the Department's satisfaction, the Department will resume Contractor's enrollment.

4.16 IDENTIFICATION CARD

4.16.1 Contractor shall send each new Enrollee an identification card bearing:

- 4.16.1.1 the name of Contractor;
- 4.16.1.2 the Effective Enrollment Date;
- 4.16.1.3 the twenty-four (24)-hour telephone number to confirm eligibility for benefits and authorization for services; and
- 4.16.1.4 the name and phone number of the Enrollee's PCP.

4.16.2 Contractor shall send the identification cards no later than five (5) Business Days after receipt of the 834 Audit File. Contractor shall send a draft of the identification card described herein to the Department for Prior Approval no fewer than five (5) Business Days prior to the Readiness Review and when the card content is revised. Contractor shall not be required to submit format changes to the card for Prior Approval, provided there is no change in the information conveyed.

4.17 MARKETING

4.17.1 Contractor must comply with the requirements in 42 CFR §438.104 and 45 CFR 164.508(a)(3) regarding Marketing activities. Contractor shall not use any subcontractors, including Network Providers, to engage in any Marketing on behalf of Contractor except as allowed under section 4.17

4.17.2 Marketing by any medium, including mail, mass-media advertising, and community-oriented, and the content of all Marketing Materials will be allowed subject to the Department's Prior Approval. Contractor shall comply with the Department's outreach guidelines as updated from time to time. Contractor shall be responsible for all costs of such Marketing, including labor

costs. The Department reserves the right to determine and set the sole process of, and payment for, Marketing by mail, using names and addresses of Potential Enrollees supplied by the Department, including the right to limit Marketing by mail to a vendor that has entered into a confidentiality agreement with the Department and the terms and conditions set forth in that vendor agreement. Contractor must distribute any such permitted Marketing Materials throughout an entire geographic area as set forth in Attachment II.

4.17.3 Face-to-face Marketing by Contractor directed at Participants or Potential Enrollees, including direct or indirect door-to-door contact, telephone contact, email, texting or other cold-call activities, is strictly prohibited. Events that may involve Contractor staff educating groups of Participants or Potential Enrollees shall not be considered “face-to-face” Marketing.

4.17.4 Unless Prior Approval is provided by the Department, Contractor shall not engage in otherwise prohibited Marketing activities, including:

4.17.4.1 providing cash to Potential Enrollees, Prospective Enrollees, or Enrollees, except for reimbursement of expenses and stipends, in an amount approved by the Department, provided to Enrollees for participation on committees or advisory groups;

4.17.4.2 providing gifts or incentives to Potential Enrollees or Prospective Enrollees unless such gifts or incentives are also provided to the general public and do not exceed US \$10 in value per individual gift or incentive and no more than a cumulative annual value of US \$50;

4.17.4.3 providing gifts or incentives to Enrollees unless such gifts or incentives are provided conditionally based on the Enrollee receiving preventive care or other health-related activity, are not in the form of cash or an instrument that may be converted to cash;

4.17.4.4 seeking to influence a Potential Enrollee’s enrollment with Contractor in conjunction with the sale of any other insurance;

4.17.4.5 inducing Providers or employees of the Department or DHS to reveal Confidential Information regarding Participants or otherwise use such Confidential Information in a fraudulent manner; or

4.17.4.6 threatening, coercing, or making untruthful or misleading statements to Potential Enrollees, Prospective Enrollees, or Enrollees regarding the merits of enrollment with Contractor or any other MCO, including any statement that the Potential Enrollee, Prospective Enrollee, or Enrollee must enroll with Contractor in order to obtain benefits or in order not to lose

benefits, or any statement that Contractor is endorsed by Federal CMS, by the federal or State government, or by any similar entity.

4.18 READINESS REVIEW

Contractor is not entitled to any enrollment until it has passed a Readiness Review conducted by the Department, or otherwise received notice from the Department, indicating that, to the Department's satisfaction, Contractor is ready to provide services to Enrollees in a safe and efficient manner. A Readiness Review will be conducted prior to implementation of any service package set forth in section 5.2.

4.19 RESTRICTION

4.19.1 Contractor must have a recipient restriction program in place, in which, at a minimum, Contractor must restrict an Enrollee for a reasonable period to a designated PCP, WHCP, or Provider of pharmacy services when:

- 4.19.1.1 the Department indicates the Enrollee was included in the Department's Recipient Restriction Program pursuant to 89 Ill. Admin. Code 120.80 prior to enrollment with Contractor; or
- 4.19.1.2 Contractor determines that the Enrollee is over-utilizing Covered Services. Contractor's criteria for such determination, and the conditions of the restriction, must meet the standards of 42 CFR §431.54(e).

4.19.2 Contractor's policies on restriction must receive Prior Approval and shall include the right of the Enrollee to file a Grievance or Appeal.

5. ARTICLE V: DUTIES OF CONTRACTOR

5.1 AMOUNT, DURATION, AND SCOPE OF COVERAGE

Contractor shall comply with the terms of 42 CFR §438.206(b) and provide, or arrange to have provided, to all Enrollees the services described in 89 Ill. Adm. Code, Part 140, as amended from time to time and not specifically excluded therein in accordance with the terms of this Contract. Covered Services shall be provided in the amount, duration, and scope as set forth in 89 Ill. Adm. Code, Part 140, and in this Contract, and shall be sufficient to achieve the purposes for which such Covered Services are furnished. This duty shall commence at the time of initial coverage for each Enrollee. Contractor shall, at all times, cover the appropriate level of service for all Emergency Services and non-Emergency Services in an appropriate setting. Contractor shall notify Department in writing as soon as practicable, but no later than five (5) days following a change in Contractor's Provider Network that renders Contractor unable to provide one (1) or more Covered Services within the access-to-care standards set forth in section 5.8. Contractor shall not refer Enrollees to publicly supported healthcare entities to receive Covered Services for which Contractor receives payment from the Department, unless such entities are Network Providers with Contractor or are operated by Contractor. Such publicly supported healthcare entities include the Chicago Department of Public Health and its clinics, and Certified Local Health Departments. Contractor shall provide a mechanism for an Enrollee to obtain a second opinion from a qualified Provider, whether Network or non-Network, at no cost to the Enrollee. Contractor will assist in coordinating and obtaining any second opinion from a non-Network Provider.

5.2 COVERED SERVICES

5.2.1 Covered Services are three (3) Service Packages, as follows:

- 5.2.1.1 **Service Package I.** Contractor shall provide, or arrange for the provision of, all Covered Services for Service Package I, to Enrollees at all times during the term of this Contract, whenever Medically Necessary. Service Package I includes all federally approved Medicaid services, including EPSDT screenings and services, except those identified as excluded services pursuant to section 5.4 and those included in Service Package II (see Attachment I).
- 5.2.1.2 **Service Package II.** Contractor shall provide, or arrange for the provision of, all Covered Services for Service Package II, to Enrollees at all times during the term of this Contract. Service Package II includes all Covered Services identified in Attachment I. Personal Assistant services in Service Package II shall be considered Covered Services only if such services can be included

in a manner consistent with any existing collective bargaining agreement, or pertinent side letter, between DCMS and SEIU Healthcare Illinois. Contractor must abide by the rules and policies provided in each HCBS Waiver.

- 5.2.1.3 **Service Package III.** Service Package III includes Developmental Disability waiver services and ICF/DD services. The Department reserves the right to require Contractor to provide Service Package III services. Department will provide contractor one hundred eighty (180) days' notice, in writing, before requiring the provision of these services.
- 5.2.2 Contractor shall obtain Prior Approval from the Department before offering any additional service or benefit to Enrollees not required under this Contract. Contractor shall provide thirty (30) days' prior written notice to Enrollees and Prospective Enrollees before discontinuing an additional service or benefit. The notice must receive Prior Approval from the Department.
- 5.2.3 Contractor shall implement any behavioral-service plan developed by DHS Contractors for an Enrollee who is a class member under the Williams consent decree unless the Enrollee and the Enrollee's Williams Provider consent to a modification of such plan. Contractor is responsible for payment of services under such plan only to the extent the services are Covered Services. The State, or its designee, will provide Contractor with a timely copy of any such plan. To the extent that Covered Services in such plan would not have been paid by Contractor due to Contractor's utilization controls, Contractor is not obligated to pay until Contractor has received a copy of the plan.
- 5.2.4 In fulfilling the requirements of the American Recovery and Reinvestment Act of 2009:
 - 5.2.4.1 The Department shall notify Contractor through the 834 Audit File which Enrollees have been identified as Indian as defined in 42 CFR §438.14(a).
 - 5.2.4.2 The Department shall notify Contractor which Providers have been designated as an Indian Health Care Provider (IHCP) as defined at 42 CFR §438.14(a).
 - 5.2.4.3 Contractor shall demonstrate that there are sufficient IHCPs in Contractor's Provider Network to ensure timely access to Covered Services for eligible Indian Enrollees.
 - 5.2.4.4 Contractor shall reimburse IHCPs, whether Network Providers or not, for Covered Services provided to Indian Enrollees who are eligible to receive Covered Services from such Providers as follows:

- 5.2.4.4.1 At a rate negotiated between Contractor and the IHCP; or
- 5.2.4.4.2 In the absence of a negotiated rate, at a rate not less than the level and amount of payment that Contractor would make for the Covered Services to a Network Provider that is not an IHCP; and
- 5.2.4.4.3 Make payment to all IHCPs that are Network Providers in a timely manner as required for payments to practitioners in individual or Group Practices under 42 CFR §447.45 and 447.46.
- 5.2.4.5 Contractor shall not impose any co-payment on Enrollees identified as Indian for a Covered Service received from an IHCP or any Medicaid Provider.
- 5.2.4.6 Contractor shall not impose cost sharing on Enrollees identified as Indian if the Enrollees have ever received services from an IHCP.
- 5.2.4.7 An Enrollee identified as an Indian is exempt from all cost sharing if the Enrollee has ever received a referral from an IHCP.
- 5.2.4.8 Contractor shall permit any Indian Enrollee to obtain Covered Services from non-network IHCPs from whom the Enrollee is otherwise eligible to receive such Covered Services.
- 5.2.4.9 Contractor shall permit any Indian Enrollee who is eligible to receive Covered Services from a IHCP PCP that is a Network Provider, to choose that IHCP as the Enrollee's PCP, as long as that Provider has capacity to provide the Covered Services.
- 5.2.4.10 If the Department determines that timely access to Covered Services cannot be ensured due to few or no in-State IHCPs, Contractor will be considered to have met the requirement in section 5.2.4.3 if:
 - 5.2.4.10.1 Indian Enrollees are permitted by Contractor to access out-of-State IHCPs; or
 - 5.2.4.10.2 If this circumstance is deemed to be good cause for disenrollment from both Contractor and participation in the State's managed care program under this Contract in accordance with 42 CFR §438.56(c).
- 5.2.4.11 Contractor shall permit a non-network IHCP to refer an Indian Enrollee to a Network Provider.

5.3 PHARMACY FORMULARY

- 5.3.1 Contractor shall cover as a preferred drug:
- 5.3.1.1 All drugs listed on the Department's Preferred Drug List (PDL). Found at this link:
<https://www.illinois.gov/hfs/SiteCollectionDocuments/pdl.pdf>; and,
 - 5.3.1.2 All drugs for which the Department has entered into a State supplemental rebate agreement with the manufacturer whether or not the drug is listed on the Department's PDL.
- 5.3.2 The Department will make available to the Contractor the Department's PDL as well as a list of all drugs for which a State supplemental rebate agreement exists that is not contained on the Department's PDL.
- 5.3.3 Contractor shall submit an attestation of its adherence to the Department's PDL at or before the Effective Date of the contract and annually thereafter.
- 5.3.4 The Contractor including the Contractor's Pharmacy Benefit Manager (PBM) or their Subcontractors is prohibited from negotiating any rebates with drug manufacturers for drugs listed on the Department's PDL and all drugs for which the Department has entered into a State supplemental rebate agreement with the manufacturer. If the Contractor, its PBM or other subcontractors have an existing rebate agreement with a manufacturer all covered outpatient drug claims for Medicaid participants for which the Department is obtaining State supplemental rebate must be exempt from such rebate agreements. This applies to both prescription and over-the-counter drugs, but does not apply to non-drug items such as blood glucose test strips. Contractor must pay ninety percent (90%) of all clean claims from Providers for Covered Services within thirty (30) days following receipt. For purposes of this section 5.29, a "clean claim" means a claim from a Provider for Covered Services that can be processed without obtaining additional information from the Provider of the service or from a Third Party, except that it shall not mean a claim submitted by or on behalf of a Provider who is under investigation for Fraud or Abuse, or a claim that is under review for determining whether it was Medically Necessary. 5.29.1 Contractor shall pay for all appropriate Emergency Services rendered by a non-Network Provider within thirty (30) days after receipt of a clean claim. If Contractor determines it does not have sufficient information to make payment, Contractor shall request all necessary information from the non-Network Provider within thirty (30) days of receiving the claim, and shall pay the non-Network Provider within thirty (30) days after receiving such information. Determination of appropriate levels of service for payment shall be based upon the symptoms and condition of the Enrollee at the time the Enrollee is initially examined by the non-Network Provider and not upon the final determination of the Enrollee's actual medical condition, unless the actual medical condition is more severe. Within the time limitation stated above, Contractor may review the need for, and the intensity of, the services provided by non-Network Providers.

5.29.2 Contractor shall pay for all Post-Stabilization Services as a Covered Service in any the following situations: (i) Contractor authorized such services; (ii) such services were administered to maintain the Enrollee's Stabilized condition within one (1) hour after a request to Contractor for authorization of further Post-Stabilization Services; or, (iii) Contractor did not respond to a request to authorize such services within one (1) hour, Contractor could not be contacted, or, if the treating Provider is a non-Network Provider, Contractor and the treating Provider could not reach an agreement concerning the Enrollee's care and a Network Provider was unavailable for a consultation, in which case Contractor must pay for such services rendered by the treating non-Network Provider until a Network Provider was reached and either concurred with the treating non-Network Provider's plan of care or assumed responsibility for the Enrollee's care. Such payment shall be made at the same rate the Department would pay for such services according to the level of services provided and exclusive of disproportionate share payments.

5.29.3 Contractor shall pay for family-planning services, subject to sections 5.5 and 5.6 hereof, rendered by a non-Network Provider, for which Contractor would pay if rendered by a Network Provider, at the same rate Department would pay for such services exclusive of disproportionate share payments, unless a different rate was agreed upon by Contractor and the non-Network Provider.

5.29.4 Contractor shall accept claims from non-Network Providers for at least six (6) months after the date the services are provided. Contractor shall not be required to pay for claims initially submitted by such non-Network Providers more than six (6) months after the date of service.

- 5.29.6 Contractor shall establish a complaint and resolution system for Providers that includes a Provider dispute process. Contractor shall provide a substantive response intended to resolve a complaint received through the Department's Provider complaint portal on the Department's website within two (2) Business Days if the complaint is categorized as urgent and within fifteen (15) Business Days if it is not categorized as urgent.

The notice must include Contractor's Adverse Benefit Determination; reasons for the determination; right of Enrollee to request and be provided, free of cost, access to and copies of all relevant information; right of Enrollee to request an Appeal and procedures to request an Appeal, including an expedited Appeal; and the Enrollee's right to request and have benefits continue during the Appeal process. Contractor must comply with the timing of notice requirements required at 42 CFR §438.404(c).
- 5.30.3.2 An Enrollee may appoint any authorized representative, including a guardian, caretaker relative, or Provider, to represent the Enrollee throughout the Appeal process. Contractor shall provide a form and instructions on how an Enrollee may appoint a representative.

Contractor shall render a decision on an expedited Appeal within twenty-four (24) hours after receipt of the required information. Contractor shall not discriminate or take punitive action against a Provider who either requests an expedited resolution of Appeal or supports an Enrollee's Appeal pursuant to 42 CFR §438.410(b).
- 5.30.3.4 If an Enrollee does not request an expedited Appeal, Contractor shall make its decision on the Appeal within fifteen (15) Business Days after submission of the Appeal. If Contractor fails to meet notice and timing requirements, the Enrollee is deemed to have exhausted the Appeals process and may initiate a State fair hearing.
- 5.30.3.6 Except for a denial of Waiver services, which may not be reviewed by an external independent entity, Contractor shall have procedures allowing an Enrollee to request an external independent review, at no cost to the Enrollee, on both standard and expedited time frames, of Appeals that are denied by Contractor within thirty (30) days after the date of Contractor's decision notice.

- 5.30.3.9 If Contractor or the State fair hearing officer reverses a decision to deny authorization of services and the Enrollee received the disputed services while the Appeal was pending, Contractor must pay for those services, in accordance with State policy and regulations.
- 5.30.3.10 If an Enrollee files for continuation of benefits on or before the latter of ten (10) days of Contractor sending notice of action, or the intended effective date of the proposed Adverse Benefit Determination, Contractor must continue the Enrollee's benefits during the Appeal process. A Provider, serving as Enrollee's authorized representative for the Appeal process, cannot file for continuation of benefits. Contractor shall not contract or subcontract with an excluded Person or a Person who has voluntarily withdrawn from the HFS Medical Program as the result of a settlement agreement.
- 5.32.6 All Provider agreements and subcontracts must comply with the lobbying certification contained in article IX of this Contract.
- 5.32.7 All Network Providers shall be furnished with information about Contractor's Grievance and Appeal procedures at the time the Provider enters into an agreement with Contractor and within fifteen (15) days following any substantive change to such procedures.
- 5.32.8 Contractor must retain the right to terminate any Provider agreement or

subcontract or impose other sanctions if the performance of the Network Provider or Subcontractor is inadequate.

- 5.32.9 Provider-compensation models shall reimburse for Covered Services provided and may reimburse for performance. Contractor shall not permit any payment to a Network Provider for Covered Services other than the payment made by Contractor, except when specifically required by this Contract or applicable law as provided in 42 CFR §438.60.
- 5.32.10 With respect to all Provider agreements and subcontracts made by Contractor, Contractor further warrants:
- 5.32.10.1 that such Provider agreements and subcontracts are binding;
 - 5.32.10.2 that it will promptly terminate all contracts with Network Providers and Subcontractors or impose other sanctions if the performance of the Network Provider or Subcontractor is inadequate, as determined by either the Department or Contractor;
 - 5.32.10.3 that it will promptly terminate contracts with Providers that are terminated, barred, or suspended, or have voluntarily withdrawn, as a result of a settlement agreement under either Section 1128 or Section 1128A of the Social Security Act, from participating in any program under federal law including any program under Titles XVIII, XIX, XX, or XXI of the Social Security Act or are otherwise excluded from participation in the HFS Medical Program;
 - 5.32.10.4 that all laboratory testing sites providing services under this Contract must possess a valid Clinical Laboratory Improvement Amendments (CLIA) certificate and comply with the CLIA regulations found at 42 CFR §493; and
 - 5.32.10.5 that it will monitor the performance of all Network Providers and Subcontractors on an ongoing basis, subject each Network Provider and Subcontractor to formal review on a triennial basis, and, to the extent deficiencies or areas for improvement are identified during an informal or formal review, require that the Network Provider or Subcontractor take appropriate corrective action.
- 5.32.11 Upon request by the Department, Contractor will make available Provider agreements and subcontracts as provided in Attachment XIII. The Department reserves the right to require Contractor to amend any Provider agreement or subcontract as reasonably necessary to conform to Contractor's duties and obligations under this Contract.
- 5.32.12 Contractor may designate in writing certain information disclosed

under this section 5.32 as confidential and proprietary. If Contractor makes such a designation, the Department shall consider said information exempt from copying and inspection under Section 7(1)(b) or (g) of the State Freedom of Information Act (5 ILCS 140/1 et seq.). If the Department receives a request for said information under the State Freedom of Information Act, however, it may require Contractor to submit justification for asserting the exemption. The Department may honor a properly executed criminal or civil subpoena for such documents without such being deemed a breach of this Contract or any subsequent amendment hereto.

5.32.13 Prior to entering into a Provider agreement or subcontract, Contractor shall submit a disclosure statement to the Department specifying any Provider agreement or subcontract and Providers or Subcontractors in which any of the following have a financial interest of five percent (5%) or more:

5.32.13.1 any Person also having a five percent (5%) or more financial interest in Contractor or its Affiliates as defined by 42 CFR §455.101;

5.32.13.2 any director, officer, trustee, partner, or employee of Contractor or its Affiliates; or

5.32.13.3 any member of the immediate family of any Person designated above.

5.32.14 Any contract or subcontract between Contractor and a FQHC or a RHC shall be executed in accordance with Sections 1902(a)(13)(C) and 1903(m)(2)(A)(ix) of the Social Security Act, as amended by the Balanced Budget Act of 1997, and shall provide payment that is not less than the level and amount of payment that Contractor would make for the Covered Services if the services were furnished by a Provider that was not a FQHC or a RHC.

5.32.15 Contractor shall not allow a subcontractor that is not subject to the jurisdiction of the United States of America to access any Department information technology system that contains PHI.

5.33 ADVANCE DIRECTIVES

Contractor shall comply with all rules concerning the maintenance of written policies and procedures with respect to Advance Directives set forth in 42 CFR §422.128. Contractor shall provide adult Enrollees with oral and written information on Advance Directives policies and include a description of applicable State law. Such information shall reflect changes in State law as soon as possible, but no later than ninety (90) days after the effective date of the change.

5.34 FEES TO ENROLLEES PROHIBITED

Neither Contractor, its Network Providers, nor non-Network Providers shall seek or obtain funding through fees or charges to any Enrollee receiving Covered Services pursuant to this Contract, except as permitted or required by the Department in 89 Ill. Adm. Code 125 and the Department's FFS copayment policy then in effect, and subject to section 7.8. Contractor acknowledges that imposing charges in excess of those permitted under this Contract is a violation of Section 1128B(d) of the Social Security Act and subjects Contractor to criminal penalties. Contractor shall have language in all its Provider agreements or subcontracts reflecting this requirement.

5.35 FRAUD, WASTE, AND ABUSE PROCEDURES

5.35.1 Contractor shall have an affirmative duty to report to the OIG in a timely way, as provided in section 9.1.29, suspected Fraud, Waste, Abuse, or financial misconduct in the HFS Medical Program by Enrollees, Providers, Contractor's employees, or Department employees. Contractor shall:

- 5.35.1.1 have a designated Special Investigations Unit (SIU) to oversee Fraud, Waste and Abuse investigations.
- 5.35.1.2 under the purview of the Compliance Officer, employ Fraud, Waste, and Abuse Investigators at a minimum ratio of one (1) Investigator to every 100,000 Enrollees.
- 5.35.1.3 develop and document in writing policies, procedures and standards of conduct that articulate Contractor's commitment to comply with all applicable requirements under this Contract and all applicable Federal and State requirements, including 42 CFR §438 Part H.
- 5.35.1.4 form a Regulatory Compliance Committee on the Board of Directors and at the senior management level charged with overseeing Contractor's compliance program and its compliance with the Contract.
- 5.35.1.5 appoint a single individual to serve as liaison to the Department regarding the reporting of suspected Fraud, Waste, Abuse, or financial misconduct.
- 5.35.1.6 require that any of Contractor's personnel, Network Providers, or Subcontractors who identify suspected Fraud, Waste, Abuse, or financial misconduct shall immediately make a report to Contractor's liaison.
- 5.35.1.7 require that Contractor's liaison shall provide notice of any suspected Fraud, Waste, Abuse, or financial misconduct to the OIG within three (3) days after receiving such report.

- 5.35.1.8 submit a quarterly report to the Department that includes all instances of suspected Fraud, Waste, Abuse, and financial misconduct, and certify that the report contains all such instances or that there was no suspected Fraud, Waste, Abuse, or misconduct during that quarter. The inclusion of an instance of suspected Fraud, Waste, or Abuse on a quarterly report shall be considered timely if the report of suspected Fraud, Waste, Abuse, or financial misconduct is made to Contractor's liaison as soon as Contractor knew or should have known, as determined by the Department, of the suspected Fraud, Waste, Abuse, or financial misconduct, and the newly included instance, with the required certification is received within thirty (30) days after the end of the quarter.
- 5.35.1.9 Contractor shall ensure that all its personnel, Network Providers, and Subcontractors receive notice of, and are educated on, these procedures, and shall require adherence to them.
- 5.35.2 Contractor shall not conduct any investigation of suspected Fraud, Waste, Abuse, or financial misconduct of Department personnel, but shall report all incidents immediately to the OIG.
- 5.35.3 Contractor may conduct investigations of suspected Fraud, Waste, Abuse, or financial misconduct of its personnel, Providers, Subcontractors, or Enrollees only to the extent necessary to determine whether reporting to the OIG is required, or when Contractor has received the express concurrence of the OIG. If Contractor's investigation discloses potential criminal acts, Contractor shall immediately notify the OIG.
- 5.35.4 Contractor shall cooperate with all OIG investigations of suspected Fraud, Waste, Abuse, or financial misconduct. Nothing in this section 5.35 precludes Contractor or Subcontractors from establishing measures to maintain quality of services and control costs that are consistent with their usual business practices, conducting themselves in accordance with their respective legal or contractual obligations, or taking internal personnel-related actions.

5.36 ENROLLEE-PROVIDER COMMUNICATIONS

Subject to this section 5.36 and in accordance with the Managed Care Reform and Patient Rights Act, Contractor shall not prohibit or otherwise restrict a Provider from advising an Enrollee about the health status of the Enrollee or medical care or treatment for the Enrollee's condition or disease, regardless of whether benefits for such care or treatment are provided under this Contract, if the Provider is acting within the lawful scope of practice. Contractor shall not retaliate against a Provider for so advising Enrollee.

5.37 HIPAA COMPLIANCE

Contractor shall comply with the HIPAA requirements set forth in Attachment VI.

5.38 INDEPENDENT EVALUATION

Contractor will cooperate in the conduct of any independent evaluation of this Contract or program performed by the Department or another State agency, or its designee or subcontractor.

5.39 ACCREDITATION REQUIREMENTS

Pursuant to 305 ILCS 5/5-30 (a) and (h), if Contractor is serving at least 5,000 SPDs or 15,000 individuals in other populations covered by the HFS Medical Program and has received full-risk Capitation for at least one (1) year, then Contractor is considered eligible for accreditation and shall achieve accreditation by the NCQA within two (2) years after the date Contractor became eligible for accreditation. Subject to the foregoing:

- 5.39.1 Contractor must achieve and maintain a status of “excellent,” “commendable,” or “accredited.” If Contractor receives a “provisional” accreditation status, Contractor shall complete a “re-survey” within twelve (12) months after the accreditation determination.
- 5.39.2 During the period in which Contractor is in a “provisional” accreditation status, the Department may limit enrollment. If the subsequent “re-survey” results in a “provisional” or “denied” status, such status shall constitute a breach of this Contract, and Contractor’s failure to achieve full accreditation may result in the termination of this Contract.
- 5.39.3 Upon completion of each annual accreditation survey, Contractor must immediately authorize the NCQA to submit directly to the Department a copy of the final accreditation survey. Thereafter and on an annual basis between accreditation surveys, Contractor must submit a copy of the accreditation summary report issued as a result of the annual HEDIS® update to the Department no later than ten (10) days after receipt from NCQA. Upon the Department’s request, Contractor must provide any and all documents related to achieving accreditation. The Department will thereafter annually review Contractor’s accreditation status as of September 15 of each year.

5.40 MEETINGS AND COMMITTEES

- 5.40.1 Contractor must have in place a schedule of leadership meetings and committee structure to provide appropriate oversight to the program as required by this Contract. At minimum, this will include a quarterly quality and performance meeting with the Department.

- 5.40.3 **Utilization Review committee.** Contractor shall have a UR committee that meets on a quarterly basis. Duties of the UR committee are outlined in Attachment XII.
- 5.40.4 **Subcontractor oversight committee.** Contractor shall have a subcontractor oversight committee that meets, at minimum, on a quarterly basis. This committee shall, at a minimum, conduct the following with regard to each Subcontractor: a predelegation audit, a quarterly delegation oversight review of subcontractor performance by the subcontractor oversight committee, monthly joint operation meetings, an annual audit of Contractor's delegated subcontractors, regular monitoring of Enrollee Complaints, documentation of issues, and development of a Corrective Action Plan, as warranted, to improve performance.
- 5.40.5 **Enrollee advisory and community stakeholder committee.** Contractor shall have an Enrollee advisory and community stakeholder committee that meets, at minimum, on a quarterly basis. Members of the committee will be geographically, culturally, and racially diverse to best reflect the profile of Contractor's Enrollee base. The committee shall establish an ongoing mechanism for the community to provide Contractor with direct feedback on Contractor's implementation and operations of the Medicaid Managed Care Program. Contractor will keep minutes for all meetings.
- 5.40.6 **Grievance and Appeals committee.** Contractor shall have a Grievance and Appeals committee that meets, at minimum, on a quarterly basis.
- 5.40.7 **Regulatory Compliance committee.** Contractor shall have a Regulatory Compliance committee that meets, at minimum, on a quarterly basis.
- 5.40.8 **Family Leadership Council (FLC).** Contractor shall establish the FLC within ninety (90) days after the Special Needs Children population is brought into managed care under the scope of this Contract, as defined by the Department, to create opportunities to engage families directly regarding issues in Children's Behavioral Health. Contractor shall establish, through its FLC, a Care Coordination model that is person- and family-centric, and a mechanism for providing Contractor with a direct HFS Medical Program beneficiary feedback loop. The FLC shall not be used to review the needs of individual Enrollees.
- 5.40.8.1 The FLC shall be co-chaired by a young adult, or the parent or guardian of a young adult, with lived experience within public child-serving systems (e.g., mental health, welfare, education) and a member of Contractor's leadership team who has the authority to speak to program design and issues.

5.40.8.2 The FLC membership shall be comprised of, at a minimum of 51%, Enrollees or parents/guardians of Enrollees from across the Coverage Area who have lived experience with the public child-serving systems.

5.40.9 **Quality Management Committee.** Contractor shall establish the Quality Management Committee (QMC) within one-hundred eighty (180) days after the Effective Date of this Contract. The QMC shall establish an ongoing mechanism for reviewing and ensuring continuous quality improvement.

5.40.9.1 The QMC shall be chaired by Contractor's Quality Management Coordinator and a member of the Family Leadership Council.

5.40.9.2 Contractor may initially designate the Contractor's Medical Director as a QMC co-chair, for a period to last no longer than one-hundred eighty (180) days, while the FLC is being developed.

5.40.9.3 Contractor's executive team shall nominate prospective QMC members for approval by the FLC to establish the membership of the QMC.

5.40.9.4 Contractor will seek to include on the QMC at least one Enrollee or parent/guardian of an Enrollee from each geographic area, as set forth in Attachment II, in the Coverage Area.

5.40.9.5 **QMC Duties.** To enforce the local Locus of Control related to Systems of Care, the QMC shall:

5.40.9.5.1 review consumer satisfaction, performance, and outcome data at least twice per year to determine whether new processes or further review are necessary; and

5.40.9.5.2 prepare the official Quality Management Committee Report, as detailed in Attachment XI.

6. ARTICLE VI: DUTIES OF THE DEPARTMENT

6.1 ENROLLMENT

Once the Department has determined that a Participant is a Potential Enrollee, and after the Potential Enrollee has selected, or been enrolled by automatic assignment to, Contractor, such Participant shall become a Prospective Enrollee. A Prospective Enrollee shall become an Enrollee on the Effective Enrollment Date. Coverage shall begin as specified in section 4.7. The Department shall make an 834 Audit File available to Contractor prior to the first day of each month.

6.2 PAYMENT

The Department shall pay Contractor for the performance of Contractor's duties and obligations hereunder. Such payment amounts shall be as set forth in Article VII of this Contract and Attachment IV hereto. Unless specifically provided herein, no payment shall be made by the Department for extra charges, supplies, or expenses, including Marketing costs incurred by Contractor.

6.3 DEPARTMENT REVIEW OF MARKETING MATERIALS

Review of all Marketing Materials that are required by this Contract to be submitted to the Department for Prior Approval shall be completed by the Department on a timely basis, not to exceed thirty (30) days after the date of receipt by the Department; provided, however, that if the Department fails to notify Contractor of approval or disapproval of submitted materials within thirty (30) days after receiving such materials, Contractor may begin to use such materials. The Department, at any time, reserves the right to disapprove any materials that Contractor used or distributed prior to receiving the Department's express written approval. In the event the Department disapproves any materials, Contractor shall immediately cease use and distribution of such materials.

6.4 HISTORICAL CLAIMS DATA

The Department shall provide Contractor with CCCD for each new Enrollee monthly.

7. ARTICLE VII: PAYMENT AND FUNDING

7.1 CAPITATION PAYMENT

- 7.1.1 The Department shall pay Contractor on a Capitation basis, based on the rate cell of the Enrollee as shown on the table in Attachment IV, a sum equal to the product of the approved Capitation rate and the number of Enrollees enrolled in that category as of the first day of that month. The Capitation rates for the nursing facility rate cell and the HCBS other waivers rate cell will include a component for Service Package I and Service Package II. In such circumstance, an Enrollee's rate cell will be determined by his or her residential status (e.g., NF resident, HCBS Waiver) as of the first day of the month. The Department will use its eligibility system to determine an Enrollee's rate cell. Delays in changes to an Enrollee's residential status being reflected in the Department's eligibility system will cause adjustments to past Capitation payments to be made. Capitation is due to Contractor by the fifteenth (15th) day of the service month. Rates reflected in Attachment IV are for the period as set forth in Attachment IV, except as adjusted pursuant to this Article VII. Rates may be updated periodically to reflect future time periods, additional service packages, additional populations, or changes that affect the cost of providing covered services that the Department determines to be actuarially significant. The Department will provide Contractor with an opportunity to review, comment on, and accept in writing any such update, including supporting data, before such update is implemented. The parties will work together to resolve any discrepancies.
- 7.1.2 The Department shall pay Contractor a monthly Capitation payment for an Enrollee receiving inpatient treatment in an Institution for Mental Diseases provided the Enrollee meets all requirements of 42 CFR §438.6(e).

7.2 820 PAYMENT FILES

For each payment made, the Department will make available an 820 Payment File. This file will include identification of each Enrollee for whom payment is being made and the rate cell that the Enrollee is in. Contractor shall retrieve this file electronically.

7.3 PAYMENT FILE RECONCILIATION

Within thirty (30) days after the 820 Payment File is made available, Contractor shall notify the Department of any discrepancies, and Contractor and the Department will work together to resolve the discrepancies. Discrepancies include the following:

- 7.3.1.1 Enrollees who Contractor believes are in its plan but who are not included on the 820 Payment File;

- 7.3.1.2 Enrollees who are included on the 820 Payment File but who Contractor believes have not been enrolled with Contractor; and
- 7.3.1.3 Enrollees who are included on the 820 Payment File but who Contractor believes are in a different rate cell.

7.4 RISK ADJUSTMENT

7.4.1 Capitation rates under this Contract, excluding the portion attributable to supplemental payments and other fees not retained by the MCOs, will be risk-adjusted by each population category against the other full risk MCOs providing Covered Services to the same population category within the same rate setting region. The population categories that will be risk-adjusted are adults and children eligible under Title XIX and Title XXI; Affordable Care Act expansion-eligible adults; Medicaid-eligible older adults; adults with disabilities who are not eligible for Medicare; Dual-Eligible Adults receiving LTSS, excluding those receiving partial benefits or enrolled in the Illinois MMAI; Special-Needs Children, including those Medicaid-eligible under SSI, a disability category of eligibility, or receiving services from DSCC; and children in the care and children formerly in the care of DCFS. Beneficiaries under the age of two (2) will not be risk-adjusted. Capitation rates calculated under this Contract will be adjusted in accordance with publicly-available risk-adjustment software. Risk adjustment will be performed on a semiannual basis. For an Enrollee's individual claims data to be the basis for a risk adjustment score hereunder, such Enrollee must have been enrolled in the HFS Medical Program (i.e., either managed care or Fee-For-Service) for at least six (6) full months during the time period from which claims data are used to calculate the adjustment. In the event an Enrollee has not been enrolled in the HFS Medical Program for at least six (6) full months, then such Enrollee shall receive a risk score equal to Contractor's average risk score. The risk scores shall be established for each MCO across all rate cells. As necessary, the risk scores will be established using a credibility formula for each MCO. The credibility formula to be used will be determined by an independent actuary. All diagnosis codes submitted by Contractor shall be included in calculations of risk scoring irrespective of placement of such diagnosis codes in the Encounter Data records. Diagnosis codes from claims or encounters that included a lab and radiology procedure or revenue code on any line, with the exception of those associated with an inpatient hospital claim, will not be collected for the risk-adjustment analysis. It is assumed that these diagnosis codes could be for testing purposes and may not definitively indicate a beneficiary's disease condition. Encounter records may not be supplemented by medical record data. Diagnosis codes may only be recorded by the Provider at the time of the creation of the medical record and may not be retroactively adjusted except to correct errors. A significant change in risk scores by a MCO may warrant an audit of the diagnosis collection and submission methods. To the extent that the Department's contracted actuarial

firm believes Encounter Data limitations are resulting in risk score variances between MCOs, the Department reserves the right to request diagnosis codes and other information to perform risk adjustment.

7.4.2 Initial Risk Adjustment Period. The Initial Risk Adjustment Period shall be the first six (6) month period, beginning either January or July, during which Contractor receives its initial enrollment under this Contract. The risk scores for the Initial Risk Adjustment Period will be calculated using Contractor's enrollment as of the first month following the month in which mandatory enrollment in the Contracting Area is completed and will be based on a weighted average of the number of months each Enrollee is enrolled with the specific MCO. The claims data to be used for such calculations shall be the Department's Fee-For-Service claims data for claims with dates of service from the most recent twelve (12) month period that the Department determines is reasonably complete. To the extent an Enrollee was enrolled with another Contractor during the most recent twelve (12) month period that the Department determines is reasonably complete, the encounters accepted by the Department during the period shall be used in addition to the aforementioned Fee-For-Service claims data.

7.4.2.1 Modifications to Contractor's Capitation payment resulting from the application of the risk adjustment factor, if any, shall be effective retroactively to the first month of initial enrollment and prospectively to the end of the Initial Risk Adjustment Period. All risk scores shall be budget-neutral to the Department or normalized to a 1.0000 value between the MCOs.

7.4.3 For every six (6) month period thereafter, Enrollee risk scores shall be recalculated using Enrollee claims or Encounter Data, as applicable, from a prior twelve (12) month period. The Department shall provide written notification to Contractor of Contractor's risk adjustment factor, along with sufficient detail supporting the calculations. Modifications to Contractor's Capitation payment resulting from the application of the applicable risk adjustment factor, if any, shall be effective for the duration of the applicable adjustment period, effective as of the first day thereof. All risk scores shall be budget-neutral to the Department or normalized to a 1.0000 value between the MCOs.

7.5 ACTUARIALLY SOUND RATE REPRESENTATION

The Department represents that actuarially sound Capitation rates were developed by the Department's contracted actuarial firm and that Capitation rates paid hereunder are actuarially sound. The Capitation rates provided under this Contract are "actuarially sound" for purposes of 42 CFR 438.4(a), according to the following criteria:

7.5.1 The Capitation rates provide for all reasonable, appropriate, and attainable

costs that are required under terms of the Contract and for the operation of the managed IPoC for the time period and population covered under the terms of the Contract, and such Capitation rates were developed in accordance with the requirements under 42 CFR 438.4(b).

7.5.2 To ensure compliance with generally accepted actuarial practices and regulatory requirements, the Department's contracted actuarial firm referred to published guidance from the American Academy of Actuaries (AAA), the Actuarial Standards Board (ASB), the Centers for Medicare and Medicaid Services (CMS), and federal regulations. Specifically, the following will be referenced during rate development:

7.5.2.1 Actuarial standards of practice (ASOP) applicable to Medicaid managed care rate setting which have been enacted as of the Capitation rate certification date, including ASOP 1 (Introductory Actuarial Standard of Practice); ASOP 5 (Incurred Health and Disability Claims); ASOP 23 (Data Quality); ASOP 25 (Credibility Procedures); ASOP 41 (Actuarial Communications); ASOP 45 (The Use of Health Status Based Risk Adjustment Methodologies); and ASOP 49 (Medicaid Managed Care Capitation Rate Development and Certification).

7.5.2.2 Actuarial soundness and rate development requirements in the Medicaid and CHIP Managed Care Final Rule (CMS 2390-F) for the provisions effective as of the rate certification effective date.

7.5.2.3 The most recent Medicaid Managed Care Rate Development Guide published by CMS.

7.5.2.4 Throughout this document and consistent with the requirements under 42 CFR 438.4(a), the term "actuarially sound" will be defined as in ASOP 49:

7.5.2.4.1 7.5.3 "Medicaid capitation rates are "actuarially sound" if, for business for which the certification is being prepared and for the period covered by the certification, projected capitation rates and other revenue sources provide for all reasonable, appropriate, and attainable costs. For purposes of this definition, other revenue sources include expected reinsurance and governmental stop-loss cash flows, governmental risk-adjustment cash flows, and investment income. For purposes of this definition, costs include expected health benefits; health benefit settlement expenses; administrative expenses; the cost of capital, and government-mandated assessments, fees, and taxes."

7.5.4 The actuarial certification was signed by an individual of the Department's contracted actuarial firm meeting the qualification standards established by the American Academy of Actuaries and following the practice standards established by the Actuarial Standards Board, that certify that the Capitation rates meet the standards in 42 CFR §438.4 and 42 CFR §438.5.

7.6 NEW COVERED SERVICES

The financial impact of any Covered Services added to Contractor's responsibilities under this Contract will be evaluated from an actuarial perspective by the Department, and rates will be adjusted accordingly to reflect the changes made by the Department. Department shall provide written notice to Contractor of such new Covered Services. Any adjustment to the Capitation rates herein as a result of such new Covered Services shall include:

7.6.1 an explanation of the new Covered Services;

7.6.2 the amount of any adjustment to the Capitation rates herein as a result of such new Covered Services; and

7.6.3 the methodology for any such adjustment.

7.7 ADJUSTMENTS

Payments to Contractor will be adjusted for retroactive disenrollment of Enrollees, changes to Enrollee information that affect the Capitation rates (for example, eligibility classification), monetary sanctions imposed in accordance with section 7.16, rate changes in accordance with updates to Attachment IV, or other miscellaneous adjustments provided for herein. Adjustments shall be retroactive no more than eighteen (18) months. Adjustments can go beyond 18 months at the discretion of the Department in instances including but not limited to death, incarceration, or other systematic corrections made by the Department. The Department will make retroactive enrollments only in accordance with sections 4.6 and 4.11.

7.8 COPAYMENTS

Contractor may charge copayments to Enrollees, but in no instance may the copayment for a type of service exceed the Department's FFS copayment policy then in effect. Any copayment requirement must comply with the restrictions in Sections 1916 and 1916A of the Social Security Act. If Contractor desires to charge such copayments, Contractor shall provide written notice to the Department before charging such copayments. Such written notice to the Department shall include a copy of the policy Contractor intends to distribute to its Network Providers or Subcontractors. This policy must set forth the amount, manner, and circumstances in which copayments may be charged. Such policy is subject to the Prior Approval of the Department. In the event Contractor wishes to make a change in its copayment policy, it shall provide at least sixty (60) days' prior written notice, subject to the

Department's Prior Approval, to Enrollees. Contractor shall be responsible for promptly refunding to an Enrollee any copayment that, at the sole discretion of the Department, has been inappropriately collected for Covered Services.

7.9 PAY FOR PERFORMANCE (P4P)

- 7.9.1 The Department shall apply a Withhold, defined as a Withhold Arrangement under 42 CFR 438.6(a), percentage of total Capitation rates each month. The withheld amount will be one percent (1%) in the first measurement year, one-and-one-half percent (1.5%) in the second measurement year, and two percent (2%) in the third and subsequent measurement years. Contractor may earn a percentage of the Withhold based on its performance with respect a Department-determined combination of: (i) quality metrics set forth in Attachment XI; (ii) operational metrics set for in Attachment XI; and, (iii) achievement of implementation goals as set forth in Attachment XI. If Contractor, for the full calendar year immediately preceding the Effective Date, had a contract with the Department to provide medical services to individuals covered by the HFS Medical Program, then quality metrics will be applied upon the Effective Date, unless the Department provides written notice of a later date. If Contractor, for the full calendar year immediately preceding the Effective Date, did not have a contract with the Department to provide medical services to individuals covered by the HFS Medical Program, then quality metrics will be applied on January 1 of the year following the first calendar year under this Contract
- 7.9.2 The Department will determine the portion of the Withhold to be allocated to each P4P metric. If Contractor reaches the target goal on a P4P metric, Contractor will earn the withheld portion of the Withhold assigned to that P4P metric. Department retention of Contractor's Capitation payment for the purposes of funding the Withhold shall commence with the Capitation payment of the first measurement year as defined in section 7.9.1.
- 7.9.3 Collection of data and calculation of Contractor's performance against the P4P metrics will be in accordance with national HEDIS[®] timelines and specifications. In the event any P4P metrics are not HEDIS[®] but are distinct measures established by the Department (HEDIS[®]-like), then the methodology for calculating such metrics shall be detailed in a separate document sent to Contractor. Contractor must obtain an independent validation of its HEDIS[®] and HEDIS[®]-like results by an NCQA-certified auditor, with such results submitted to the Department within thirty (30) days after Contractor's receipt of its audited results. Upon receipt of Contractor's certified results, the Department shall compare Contractor's performance against the P4P metrics and Encounter Data received and accepted by the Department. If the Department approves Contractor's submitted results and a Withhold payment to the Contractor is due, then such payment shall be made within sixty (60) days after approval of the calculations for payment by

Contractor and the Department. If there is a discrepancy, the Department shall notify Contractor, in writing within thirty (30) days after receiving Contractor's results, that a discrepancy exists and further investigation is needed. Any significant discrepancies between Contractor's audited results and the Encounter Data received by the Department, or any audit of the measures by the Department, will be resolved in a manner mutually agreeable to the Parties following good-faith negotiations before the Department will distribute any payments earned by Contractor. Once resolution of any discrepancy is agreed upon by the Parties, the Department shall initiate such payment within thirty (30) days after such agreement. Contractor's audited results will be used to determine eligibility for payments under this section 7.9.

- 7.9.4 Effective for HEDIS® 2020 (measurement year January 1, 2019, through December 31, 2019), the performance goals for the P4P measures set forth in table 1-A, First Reporting Period, will be negotiated and established through countersigned letters.

- 7.9.6 The Department retains the right to use quality, operational, or any other source of metrics of performance goals to design a MCO incentive payments program. The Department shall provide Contractor with ninety (90) days' notice, in writing, of the implementation of such a program.

7.10 MEDICAL LOSS RATIO GUARANTEE

- 7.10.1 Contractor has a minimum medical loss ratio of eighty-five percent (85%). If the medical loss ratio calculated as set forth below is less than the minimum medical loss ratio, Contractor shall refund to the State an amount equal to the difference between the calculated medical loss ratio and the minimum medical loss ratio (expressed as a percentage) multiplied by the Coverage Year revenue. The Department retains the right to adjust the minimum medical loss ratio in adherence to 42 CFS §438.8. The Contractor shall prepare a medical loss ratio calculation that shall summarize Contractor's medical loss ratio for Enrollees under this Contract for each Coverage Year. The initial Coverage Year shall include the period from the Effective Date through December 31, 2018. The medical loss ratio calculation shall be determined as set forth below; however, the Department may adopt NAIC reporting standards and protocols after giving written notice to Contractor.

- 7.10.2 **Revenue.** The revenue used in the medical loss ratio calculation will consist of the Capitation payments, as adjusted pursuant to section 7.4, due from the Department for services provided during the Coverage Year, including withheld amounts earned and paid pursuant to section 7.9.1.

Benefit expense claims covered by sub-capitation contracts shall be priced at Contractor's FFS rate for Covered Services. If Contractor does not have a published fee schedule for a Covered Service, the price on the sub-capitated service may not exceed one-hundred-ten percent (110%) of the Department rates as provided in Attachment IV.
 - 7.10.3.2 **Incurred-but-not-paid (IBNP) claims.** IBNP claims, as determined by the Department's actuary based on benefit expense claims and made available for review by Contractor, shall be included in benefit expense.
 - 7.10.3.3 **Provider value-based and incentive payments.** Value-based and incentive payments to Network Providers shall be included in benefit expense so long as they are paid within nine (9) months after the end of the Coverage Year for Performance Measures recorded during the Coverage Year, provided the payments are made pursuant to agreements in place at the start of the measurement period under which the benchmarks triggering payments and the methodology for determining payments amounts are clearly set forth. Litigation reserves and payments in settlement of claims disputes, excluding legal fees, shall be included in benefit expense. Such amounts shall be recorded by Contractor for the Coverage Year.
 - 7.10.3.4 **Care coordination expense.** That portion of the personnel costs for Care Coordinators whose primary duty is direct Enrollee contact that is attributable to this Contract shall be included as a benefit expense. That portion of the personnel costs for Contractor's medical director that is attributable to this Contract shall be included as a benefit expense. Payments to delegated care coordination entities shall be included as benefit expenses.
 - 7.10.3.5 **Other benefit expense.** Any service provided directly to an Enrollee that is not capable of being sent as a benefit expense

claim because of an appropriate code or similar issue may be sent to the Department on a report identifying the Enrollee, the service, and the cost. Such costs can, at the discretion of the Department, be included in benefit expense.

7.10.4 Data submission. Within ten (10) months after the end of each Coverage Year, Contractor shall submit to the Department, in the form and manner prescribed by the Department, the data described in sections 7.10.3.3, 7.10.3.4, and 7.10.3.5. Benefit expense claims must be submitted as required under this Contract. Contractor must attest to the accuracy of all data, including benefit expense claims, and of the MLR calculation

7.11 COST REPORT REQUIREMENTS.

7.11.1 Contractor shall complete annual and quarterly cost report templates to assist the Department in monitoring emerging utilization and cost data for each category of the populations enrolled with MCOs. Additionally, the completed cost report templates will be used in evaluation of Contractor's encounter data submissions. The cost report template shall contain reporting of MCO eligibility, revenue, medical expenses, medical expense adjustments, estimated unpaid claim liability, quality improvement expenses, operating expenses, and MCO assessments and taxes. The Department reserves the right to modify the cost report templates to collect additional information.

7.11.2 Reporting timeline and process. Contractor will submit a draft of each cost report to the Department by the submission deadlines stated in section 7.11.2.

7.11.2.1 The Department will review the draft cost report and provide Contractor with written observations that require either a response from Contractor addressing the issue or providing further explanation regarding the issue, or an adjustment for Contractor to make in the final cost report regarding the issue.

7.11.2.2 Contractor shall provide a written response via electronic communication to each draft observation in the final cost report.

7.11.2.3 Contractor shall have fourteen (14) days after receiving the draft report observations to submit the final cost report. If the Department provides the draft cost report observations to Contractor fewer than fourteen (14) days prior to the final submission deadline, the final submission deadline will be extended to allow for there to be fourteen (14) days between the receipt by Contractor of the draft cost report observations and the

final cost report submission.

7.16 SANCTIONS

7.16.1 The Department may impose civil money penalties, late fees, performance penalties (collectively, “monetary sanction”), and other sanctions, on Contractor for Contractor’s failure to substantially comply with the terms of this Contract. Monetary sanctions imposed pursuant to this section 7.16 may be collected by deducting the amount of the monetary sanction from any payments due to Contractor or by demanding immediate payment by Contractor. The Department, at its sole discretion, may establish an installment payment plan for payment of any monetary sanction. The determination of the amount of any monetary sanction shall be at the sole discretion of the Department, within the ranges set forth below. Self-reporting by Contractor will be taken into consideration in determining the amount of any monetary sanction. The Department shall not impose any monetary sanction where the noncompliance is directly caused by the Department’s action or failure to act or where a *force majeure* delays performance by Contractor. The Department, in its sole discretion, may waive the imposition of a monetary sanction for failures that it judges to be minor or insignificant. Upon determination of substantial noncompliance, the Department shall give written notice to Contractor describing the noncompliance, the opportunity to cure the noncompliance at the discretion of the Department or where a cure is not otherwise disallowed under this Contract, and the monetary sanction that the Department will impose hereunder. The Department may disallow an opportunity to cure when noncompliance is willful, egregious, persistent, part of a pattern of noncompliance, or incapable of being cured, or when a cure is otherwise not allowed under this Contract. The Department reserves the right to terminate this Contract as provided in Article VIII of this Contract in addition to, or in lieu of, imposing one or more monetary sanctions. The State reserves the right to amend these sanctions and sanction amounts at any time, with sixty (60) days’ notice provided to Contractor. Where a sanction references an enrollment hold, at the discretion of the Department this may be either one or both of the following:

7.16.1.1 a suspension of enrollment by automatic assignment for Potential Enrollees; or

7.16.1.2 a suspension of enrollment for Potential Enrollees.

7.16.2 **Failure to report or submit standard required reports.** If Contractor fails to submit any report or other material required by this Contract to be submitted to the Department, other than Encounter Data, by the date due, the Department may, at its sole discretion and without further notice, impose a late fee of up to US \$50,000 for the late report. The date due will be either the date imposed by the Department or the date agreed to by the Department at the Contractor’s request. At the end of each subsequent due date for which the specific report is not submitted, the Department may, without further notice, impose an additional late fee equal to the amount of the original late fee.

- 7.16.3 **Failure to submit ad hoc reports.** If Contractor fails to submit any ad hoc report in an accurate, complete and timely manner, as provided in section 5.28.1.3, then the Department may, at its sole discretion and without notice, impose a monetary sanction of up to US \$50,000. The Department may also, without further notice, impose an additional monetary sanction until an accurate and complete response is submitted.
- 7.16.4 **Failure to submit Cost Report Data.** If Contractor fails to submit cost report data in a timely or accurate manner, the Department may, without further notice, impose one or more of the following:
- 7.16.4.1 Failure to submit draft cost report by required submission deadline: \$10,000 penalty per Business Day.
 - 7.16.4.2 Failure to submit final cost report by required submission deadline: \$10,000 penalty per Business Day.
 - 7.16.4.3 Failure to address or respond to draft observations, as provided in section 7.11.2, in final cost report submission:
 - 7.16.4.3.1 First instance: written warning;
 - 7.16.4.3.2 Second instance: US \$50,000 penalty;
 - 7.16.4.3.3 Additional instances: US \$100,000 penalty per submission.
 - 7.16.4.4 Change in prior period aggregate expenses (excluding additional months of paid claims), revenue, or eligibility of more than 10% in subsequent quarterly or cost report submission, unless a result of a Department data issue or programmatic variance.
 - 7.16.4.4.1 First instance: written warning
 - 7.16.4.4.2 Second instance: US \$50,000 penalty
 - 7.16.4.4.3 Additional instances: US \$100,000 penalty per submission
 - 7.16.4.5 There will be no limit on sanctions associated with cost report submissions for each calendar year period. For sections 7.16.4.3 and 7.16.4.4, a written warning will be provided upon the first instance in each separate calendar year.
- 7.16.5 **Failure to comply with BEP requirements.** If the Department determines that Contractor has not met, and has not made good-faith efforts to meet, the goals for BEP subcontracting established in section 2.9, or has provided false or misleading information or statements concerning compliance, certification status, eligibility of certified Contractors, its good-faith efforts to meet the BEP

goal, or any other material fact or representation, the Department may, without further notice:

- 7.16.5.1 impose a performance penalty of up to US \$25,000; or
- 7.16.5.2 withhold payment to Contractor in an amount equal to the difference between the BEP goal and the amount of money paid to BEP-certified subcontractors during the State Fiscal Year.

The Department may withhold whichever is the larger amount.

7.16.6 Failure to submit Encounter Data. The Department and Contractor acknowledge and agree that they will work in good faith to implement mutually agreed-upon system requirements resulting in the complete and comprehensive transfer and acceptance of Encounter Data, and that such mutual agreement shall not be unreasonably withheld. Contractor shall submit complete and accurate data quarterly to the Department in accordance with the Illinois Medicaid Health Plan Encounter Utilization Monitoring (EUM) requirements document, as set forth in Attachment XXIII, for each evaluation period. If Contractor does not meet the standards by the evaluation date as set forth in Attachment XXIII, the Department, without further notice, may:

- 7.16.6.1 impose a quarterly monetary penalty of up to US \$100,000;
- 7.16.6.2 impose an enrollment hold on Contractor; or
- 7.16.6.3 impose both.

7.16.7 Failure to submit quality and Performance Measures. If the Department determines that Contractor has not accurately conducted and submitted quality and Performance Measures as required in Attachment XI, and the Department reasonably determines the failure warrants imposing a late fee, the Department may, without further notice, impose a late fee of up to US \$50,000 for each measure not accurately conducted or submitted.

7.16.8 Failure to participate in the Performance Improvement Project. If the Department determines that Contractor has not fully participated in the PIP, the Department may impose a performance penalty of up to US \$100,000. At the end of each subsequent period of thirty (30) days in which no demonstrated progress is made toward full compliance, the Department may, without further notice, impose an additional performance penalty of up to US \$100,000.

7.16.9 Failure to demonstrate improvement in areas of deficiencies. If the Department determines that Contractor has not made significant progress in monitoring or carrying out its QAP, implementing quality improvement plan or demonstrating improvement in areas of deficiencies, as identified in its

HEDIS® results, quality monitoring, or PIP, the Department will provide notice to Contractor that Contractor shall be required to develop a formal Corrective Action Plan (CAP) to remedy the breach of Contract.

- 7.16.9.1 Contractor shall submit a CAP within thirty (30) days after the date of notification by the Department. Contractor's CAP will be evaluated by the Department to determine whether it satisfactorily addresses the actions needed to correct the deficiencies. If Contractor's CAP is unsatisfactory, the Department will indicate the sections requiring revision and any necessary additions, and request that another CAP be submitted by Contractor, unless otherwise specified, within thirty (30) days after receipt of the Department's second notice. If Contractor's second CAP is unsatisfactory, the Department may declare a material breach.
- 7.16.9.2 Within ninety (90) days after Contractor has submitted an acceptable CAP, Contractor must demonstrate progress toward improvement. The Department, or its designee, may review Contractor's progress through an on-site or off-site process. Thereafter, Contractor must show improvement for each ninety (90)-day period until Contractor is compliant with the applicable requirements of this Contract.
- 7.16.9.3 If Contractor does not submit a satisfactory CAP within the required timeframes or show the necessary improvements, the Department, without further notice, may impose a performance penalty of US \$50,000 for each thirty (30)-day period thereafter.
- 7.16.9.4 The CAP must be submitted with the signature of Contractor's chief executive officer and is subject to approval by the Department. The CAP must include the following:
 - 7.16.9.4.1 the specific problems that require corrective action;
 - 7.16.9.4.2 the type of corrective action to be taken for improvement of each specific problem;
 - 7.16.9.4.3 the goals of the corrective action;
 - 7.16.9.4.4 the timetable and work plan for action;
 - 7.16.9.4.5 the identified changes in processes, structure, and internal and external education;
 - 7.16.9.4.6 the type of follow-up monitoring, evaluation, and improvement; and
 - 7.16.9.4.7 the identified improvements and enhancements of

existing outreach and care-management activities, if applicable.

7.16.10 **Imposition of prohibited charges.** If the Department determines that Contractor has imposed a charge on an Enrollee that is prohibited, or otherwise not allowed, under the Medicaid program, the Department may impose a civil money penalty of up to US \$25,000.

7.16.11 **Misrepresentation or falsification of information.** If the Department determines that Contractor has misrepresented or falsified information furnished to a Potential Enrollee, Enrollee, or Provider, the Department may impose a civil money penalty of US \$10,000 to US \$25,000 for each determination. If the Department determines that Contractor has misrepresented or falsified information furnished to the Department or Federal CMS, the Department may impose a civil money penalty of up to US \$100,000 for each determination.

7.16.12 **Failure to comply with the Physician incentive plan requirements.** If the Department determines that Contractor has failed to comply with the Physician incentive plan requirements of section 5.24, the Department may impose a civil money penalty of up to US \$25,000 for each determination.

7.16.13 **Failure to meet access and Provider ratio standards.** If the Department determines that Contractor has not met the Provider-to-Enrollee access standards established in section 5.8, the Department will send Contractor a notice of noncompliance. If Contractor has not met these requirements by the end of the thirty (30)-day period following the notice, the Department may, without further notice:

7.16.13.1 impose a performance penalty of up to US \$50,000;

7.16.13.2 impose an enrollment hold on Contractor; or

7.16.13.3 impose both.

At the end of each subsequent period of thirty (30) days in which no demonstrated progress is made toward compliance, the Department may, without further notice, impose additional performance penalties of US \$50,000.

7.16.14 **Failure to provide Covered Services.** If the Department determines that Contractor has substantially failed to provide, or arrange to provide, a Medically Necessary service that Contractor is required to provide under law or this Contract, the Department may:

7.16.14.1 impose a civil money penalty of US \$50,000 for each determination, or

7.16.14.2 impose an enrollment hold on Contractor, or

7.16.14.3 impose both.

7.16.15 **Discrimination related to preexisting conditions or medical history.** If the Department determines that discrimination has occurred in relation to an Enrollee's preexisting condition or medical history indicating a probable need for substantial medical services in the future, the Department may:

7.16.15.1 impose a civil money penalty of up to US \$50,000 for each determination, or

7.16.15.2 impose an enrollment hold on Contractor, or

7.16.15.3 impose both.

7.16.15.4 For each beneficiary not enrolled because of a discriminatory practice, the Department may impose a civil money penalty of up to US \$15,000.

7.16.16 **Pattern of Marketing failures.** If the Department determines that there is Marketing Misconduct or a pattern of Marketing failures, the Department may:

7.16.16.1 impose a civil money penalty of up to US \$25,000 for each determination, or

7.16.16.2 impose an enrollment hold on Contractor, or

7.16.16.3 impose both.

7.16.17 **Other failures.** If the Department determines that Contractor is in substantial noncompliance with any material terms of this Contract, or any State or federal laws affecting Contractor's conduct under this Contract, that are not specifically enunciated in this article VII but for which the Department reasonably determines imposing a performance penalty or other sanction is warranted, the Department, may:

7.16.17.1 impose a performance penalty of US \$20,000 to US \$50,000,

7.16.17.2 impose an enrollment hold on Contractor, or

7.16.17.3 impose both.

7.17 RETENTION OF PAYMENTS

In addition to the assessment of monetary sanctions:

7.17.1 Pursuant to 44 Ill. Admin. Code 1.2065(c), the Department may deduct from

whatever is owed Contractor on this or any other contract an amount sufficient to compensate the State for any damage resulting from termination or rescission.

7.17.2 If any failure of Contractor to meet any requirement of this Contract results in the withholding of federal funds from the State, the Department may withhold and retain an equivalent amount from payments to Contractor until such federal funds are released, in whole or in part, to the State, at which time the Department will release to Contractor an amount equivalent to the amount of federal funds received by the State.

7.18 DEDUCTIONS FROM PAYMENTS

Any payment to Contractor may be reduced or suspended when a provision of this Contract requires a payment or refund to the Department or an adjustment of a payment to Contractor.

7.19 COMPUTATIONAL ERROR

The Department reserves the right to correct any mathematical or computational error in payment subtotals or total contractual obligation. The Department will notify Contractor of any such corrections.

7.20 NOTICE FOR RETENTIONS AND DEDUCTIONS

Prior to making an adjustment pursuant to sections 7.17, 7.18, or 7.19, except for routine systematic adjustments, the Department will provide Contractor with a notice and explanation of the adjustment. Contractor may provide written objections regarding the adjustment to the Department within fifteen (15) days after the Department sends the notice. No adjustment will be made until the Department responds in writing to the objections or, if no timely objections are made, on or after the sixteenth (16th) day after sending the notice.

7.21 RECOVERIES FROM PROVIDERS

If the Department requires Contractor to recover established overpayments made to a Provider by the Department for performance or nonperformance of activities not governed by this Contract, Contractor shall immediately notify the Department of any amount recovered, and, as agreed to by the Parties:

7.21.1 Contractor will immediately provide the amount recovered to the Department; or

7.21.2 the Department will withhold the amount recovered from a payment otherwise owed to Contractor.

8. ARTICLE VIII: TERM, RENEWAL, AND TERMINATION

8.1 TERM OF THIS CONTRACT

This Contract shall take effect on the Effective Date and shall continue for a period of four (4) years.

8.2 RENEWAL

If the Contract is renewed, the renewal shall be subject to the same terms and conditions as the Contract unless otherwise stated. The Contract may not renew automatically, nor may the Contract renew solely at Contractor's option. The Department reserves the right to renew for a total of four (4) years in any of the following manners or combination thereof:

- 8.2.1 one renewal covering the entire renewal allowance
- 8.2.2 individual one-year renewals up to and including the entire renewal allowance
- 8.2.3 any combination of single- and multi-year renewals up to and including the entire renewal allowance

8.3 CONTINUING DUTIES IN THE EVENT OF TERMINATION

Upon termination of this Contract, the Parties are obligated to perform those duties that survive under this Contract. Such duties include payment to Network or non-Network Providers; completion of Enrollee satisfaction surveys; cooperation with medical records review; all reports for periods of operation, including Encounter Data; retention of records; and preservation of confidentiality and security of PHI. Termination of this Contract does not eliminate Contractor's responsibility to the Department for overpayments which the Department determines in a subsequent audit may have been made to Contractor, nor does it eliminate any responsibility the Department may have for underpayments to Contractor. Contractor warrants that if this Contract is terminated, Contractor shall promptly supply all information in its possession or that may be reasonably obtained that is necessary for the orderly transition of Enrollees and completion of all Contract responsibilities.

8.4 IMMEDIATE TERMINATION FOR CAUSE

In addition to any other termination rights under this Contract, the Department may terminate this Contract, in whole or in part, immediately upon notice to Contractor if it is determined that the actions, or failure to act, of Contractor or its agents, employees, or Subcontractors have caused, or reasonably could cause, jeopardy to

health, safety, or property. This Contract may be terminated immediately if the Department determines that Contractor fails to meet any of the applicable requirements established by 89 Ill. Admin. Code Part 143.

8.5 TERMINATION FOR CAUSE

In addition to any other termination rights under this Contract, if Contractor fails to perform to the Department's satisfaction any material requirement of this Contract or is in violation of a material provision of this Contract, the Department shall provide written notice to Contractor requesting that the breach or noncompliance be remedied within the period of time specified in the Department's written notice, which shall be no fewer than sixty (60) days. If the breach or noncompliance is not remedied by that date, the Department may: (i) immediately terminate the Contract without additional written notice; or, (ii) enforce the terms and conditions of the Contract. In either event, the Department may also seek any available legal or equitable remedies and damages.

8.6 SOCIAL SECURITY ACT

This Contract may be terminated by the Department with cause upon at least fifteen (15) days' written notice to Contractor for any reason set forth in Section 1932(e)(4)(A) of the Social Security Act. In the event such notice is given, Contractor may request in writing a hearing, in accordance with Section 1932 of the Social Security Act, by the date specified in the notice. If such a request is made by the date specified, then a hearing under procedures determined by the Department will be provided prior to termination. The Department reserves the right to notify Enrollees of the hearing and its purpose and inform them that they may disenroll from Contractor, and to suspend further enrollment with Contractor during the pendency of the hearing and any related proceedings.

8.7 TEMPORARY MANAGEMENT

While one (1) or more agencies of the State have the authority and retain the power under 42 CFR §438.702 to impose temporary management upon Contractor for repeated violations of the Contract, the Department may exercise its option to terminate the Contract prior to imposition of temporary management. This does not preclude other State agencies from exercising such power at their discretion.

8.8 TERMINATION FOR CONVENIENCE

Following ninety (90) days' written notice, the Department may terminate this Contract in whole or in part without the payment of any penalty or incurring any further obligation to Contractor. 9. ARTICLE IX: GENERAL TERMS

9.1 STANDARD BUSINESS TERMS AND CONDITIONS

- 9.1.1 **Availability of appropriations; sufficiency of funds.** This Contract is contingent upon and subject to the availability of sufficient funds. The Department may terminate or suspend this Contract, in whole or in part, without advance notice and without penalty or further payment being required, if: (i) sufficient funds for this Agreement have not been appropriated or otherwise made available to the Department by the State or the Federal funding source; (ii) the Governor or the Department reserves funds; or (iii) the Governor or the Department determines that funds will not or may not be available for payment. The Department shall provide notice, in writing, to Contractor of any such funding failure and its election to terminate or suspend this Contract as soon as practicable. Any suspension or termination pursuant to this Section will be effective upon the date of the written notice unless otherwise indicated.
- 9.1.2 **Audit/retention of records.** Unless otherwise required by this Contract, Contractor and its Subcontractors shall maintain books and records relating to the performance of the Contract or any Subcontract and necessary-to-support amounts charged to the State under the Contract or subcontract. Books and records, including information stored in databases or other computer systems, shall be maintained by Contractor for a period of three (3) years from the later of the date of final payment under the Contract or completion of the Contract, and by a Subcontractor for a period of three (3) years from the later of the date of final payment under the Subcontract or completion of the Subcontract. If federal funds are used to pay Contract costs, Contractor and its Subcontractors must retain the books and records for ten (10) years. Books and records required to be maintained under this section 9.1 shall be available for review or audit by representatives of the Department, the auditor general, the executive inspector general, the Chief Procurement Officer, State of Illinois internal auditors, or other governmental entities with monitoring authority upon reasonable notice and during normal business hours. Contractor and its Subcontractors shall cooperate fully with any such audit and with any investigation conducted by any of these entities. Failure to maintain the books and records required by this section 9.1.2 shall establish a presumption in favor of the State for the recovery of any funds paid by the State under the Contract for which adequate books and records are not available to support the purported disbursement. Contractor or its Subcontractors shall not impose a charge for audit or examination of Contractor's books and records.
- 9.1.3 **Time is of the essence.** Time is of the essence with respect to Contractor's performance of this Contract. Unless otherwise directed by the Department,

Contractor shall continue to perform its obligations while any dispute concerning the Contract is being resolved.

- 9.1.4 **No waiver of rights.** Except as specifically waived in writing, failure by a Party to exercise or enforce a right does not waive that Party's right to exercise or enforce that or other rights in the future.
- 9.1.5 **Force majeure.** Failure by either Party to perform its duties and obligations will be excused by unforeseeable circumstances beyond its reasonable control and not due to its negligence, including acts of nature, acts of terrorism, riots, labor disputes, fire, flood, explosion, and governmental prohibition. The non-declaring Party may cancel the Contract without penalty if performance does not resume within thirty (30) days after the declaration.
- 9.1.6 **Confidential Information.** It is understood that each Party to this Contract, including its agents and Subcontractors, may have or gain access to Confidential Information or data owned or maintained by the other Party in the course of carrying out its responsibilities under this Contract. Contractor shall presume that all information received from the State or to which it gains access pursuant to this Contract is confidential. Contractor's information (excluding information regarding rates paid by Contractor to its Providers and Subcontractors), unless clearly marked as confidential and exempt from disclosure under the Illinois Freedom of Information Act, shall be considered public. No confidential data collected, maintained, or used in the course of performance of the Contract shall be disseminated except as authorized by law and with the written consent of the disclosing Party, either during the term of the Contract or thereafter, or as otherwise set forth in this Contract. The receiving Party must return any and all data collected, maintained, created, or used in the course of the performance of the duties of this Contract, in whatever form they are maintained, promptly at the end of the term of this Contract, or earlier at the request of the disclosing Party, or notify the disclosing Party in writing of the data's destruction. The foregoing obligations shall not apply to confidential data or information that:
- 9.1.6.1 are lawfully in the receiving Party's possession prior to its acquisition from the disclosing Party;
 - 9.1.6.2 are received in good faith from a Third Party not subject to any confidentiality obligation to the disclosing Party;
 - 9.1.6.3 are now, or become, publicly known through no breach of confidentiality obligation by the receiving Party; or
 - 9.1.6.4 are independently developed by the receiving Party without the use or benefit of the disclosing Party's Confidential Information.
- 9.1.7 **Use and ownership.** Excluding all materials, information, processes, and programs that are owned by or proprietary to Contractor or that are licensed

to Contractor by a Third Party, including any modifications or enhancements thereto, all work performed or supplies created by Contractor under this Contract, whether written documents or data, goods, or deliverables of any kind, shall be deemed work-for-hire under copyright law and all intellectual property and other laws, and the State is granted sole and exclusive ownership to all such work, unless otherwise agreed in writing. Contractor hereby assigns to the State all right, title, and interest in and to such work including any related intellectual-property rights, and waives any and all claims that Contractor may have to such work including any so-called moral rights in connection with the work. Contractor acknowledges that the State may use the work product for any purpose. Confidential data or information contained in such work shall be subject to confidentiality provisions of this Contract.

9.1.8 Indemnification and liability. Contractor shall indemnify and hold harmless the State and its agencies, officers, employees, agents, and volunteers from any and all costs, demands, expenses, losses, claims, damages, liabilities, settlements, and judgments, including in-house and contracted attorneys' fees and expenses, arising out of: (i) any breach or violation by Contractor of any of its certifications, representations, warranties, covenants, or agreements; (ii) any actual or alleged death or injury to any individual, damage to any property, or any other damage or loss claimed to result in whole or in part from Contractor's negligent performance; or, (iii) any act, activity, or omission of Contractor or any of its employees, representatives, Subcontractors, or agents. Neither Party shall be liable for incidental, special, consequential, or punitive damages.

9.1.9 Insurance. Contractor shall, at all times during the term of this Contract and any renewals thereof, maintain and provide a certificate of insurance naming the State as additional insured for all required bonds and insurance. Certificates may not be modified or canceled until at least thirty (30) days' notice has been provided to the State. Contractor shall provide: (i) general commercial liability occurrence form in amount of US \$1,000,000 per occurrence (combined single-limit bodily injury and property damage) and US \$2,000,000 annual aggregate; (ii) auto liability, including hired auto and unowned auto (combined single-limit bodily injury and property damage) in amount of US \$1,000,000 per occurrence; and, worker's compensation insurance in amount required by law. Insurance shall not limit Contractor's obligation to indemnify, defend, or settle any claims. In lieu of the foregoing, Contractor may have a program, acceptable to the State, that provides the coverage and the coverage amounts set forth herein.

9.1.10 Independent Contractor. Contractor shall act as an independent Contractor and not an agent or employee of, or joint venture with, the State. All payments by the State shall be made on that basis.

9.1.11 Solicitation and employment. Contractor shall give notice immediately to

the Department's ethics officer if Contractor solicits or intends to solicit State employees to perform any work under this Contract.

- 9.1.12 **Compliance with the law.** Contractor and its employees, agents, and Subcontractors shall comply with all applicable federal, State, and local laws, rules, ordinances, regulations, orders, federal circulars, and license and permit requirements in the performance of this Contract. Contractor shall be compliant with applicable tax requirements and shall be current in payment of such taxes. Contractor shall obtain, at its own expense, all licenses and permissions necessary for the performance of this Contract.
- 9.1.13 **Background check.** Whenever the State deems it reasonably necessary for security reasons, the State may conduct, at its expense, criminal and driver-history background checks of Contractor's and its Subcontractors' officers, employees, or agents. Contractor or the Subcontractor shall reassign immediately any such individual who, in the opinion of the State, does not pass the background checks. At minimum, the Department will require background checks be conducted for Contractor's and Subcontractor's key personnel positions outlined in section 2.3, along with any individual in an Enrollee-facing, a Provider-facing, or a financial role.
- 9.1.14 **Applicable law.** This Contract shall be construed in accordance with, and is subject to, the laws and rules of the State of Illinois. The applicable provisions of the Department of Human Rights' equal-opportunity requirements (44 Ill. Adm. Code 750) are incorporated by reference. Any claim against the State arising out of this Contract must be filed exclusively with the Illinois Court of Claims (705 ILCS 505/1). The State shall not enter into binding arbitration to resolve any Contract dispute. The State does not waive sovereign immunity by entering into this Contract. The applicable provisions of the official text of cited statutes are incorporated by reference. In compliance with the Illinois and federal constitutions, the Illinois Human Rights Act, the US Civil Rights Act, and Section 504 of the federal Rehabilitation Act and other applicable laws and rules, the State does not unlawfully discriminate in employment, contracts, or any other activity.
- 9.1.15 **Anti-trust assignment.** If Contractor does not pursue any claim or cause of action it has arising under federal or State antitrust laws relating to the subject matter of the Contract, then upon request of the Illinois attorney general, Contractor shall assign to the State rights, title, and interest in and to the claim or cause of action.
- 9.1.16 **Contractual authority.** The agency that signs for the State shall be the only State entity responsible for performance and payment under the Contract.
- 9.1.17 **Notices.** Notices and other communications provided for herein shall be given in writing by first-class, registered, or certified mail, return receipt requested; by receipted hand delivery; by courier (UPS, Federal Express, or

other similar and reliable carrier); or by e-mail, fax, or other electronic means, showing the date and time of successful receipt as provided in sections 2.1.12 and 2.1.13. Except as otherwise provided herein, notices shall be sent to the Contract monitors set forth in Attachment XV using the contact information in Attachment XV. By giving notice, either Party may change the Contract monitor or his or her contact information.

- 9.1.18 **Modifications and survival.** Amendments, modifications, and waivers must be in writing and signed by authorized representatives of the Parties. Any provision of this Contract officially declared void, unenforceable, or against public policy shall be ignored, and the remaining provisions shall be interpreted, as far as possible, to give effect to the Parties' intent. All provisions, including those set forth in section 8.3, that by their nature would be expected to survive, shall survive termination.
- 9.1.19 **Performance record/suspension.** Upon request of the State, Contractor shall meet to discuss performance or provide Contract performance updates to help ensure proper performance of the Contract. The State may consider Contractor's performance under this Contract and compliance with law and rule to determine whether to continue the Contract or suspend Contractor from doing future business with the State for a specified period of time, or to determine whether Contractor can be considered responsible on specific future contracting opportunities.
- 9.1.20 **Freedom of Information Act.** This Contract and all related public records maintained by, provided to, or required to be provided to the State are subject to FOIA notwithstanding any provision to the contrary that may be found in this Contract. If the Department receives a request for a record relating to Contractor under this Contract, Contractor's provision of services, or the arranging of the provision of services under this Contract, the Department shall provide notice to Contractor as soon as practicable. Within the period available under FOIA, Contractor may identify those records, or portions thereof, that it in good faith believes to be exempt from production and the justification for such exemption. The Department shall make good-faith efforts to notify Contractor regarding a request for a record that has been the subject of a previous request under FOIA.
- 9.1.21 **Confidentiality of program-recipient information.** Contractor shall ensure that all information, records, data, and data elements pertaining to applicants for and recipients of public assistance, or to Providers, facilities, and associations, shall be protected from unauthorized disclosure by Contractor and Contractor's employees, by Contractor's corporate Affiliates and their employees, and by Contractor's Subcontractors and their employees, pursuant to 305 ILCS 5/11-9, 11-10, and 11-12; 42 USC 654(26); 42 CFR §431, Subpart F; and 45 CFR §160 and 45 CFR §164, Subparts A and E. To the extent that Contractor, in the course of performing the Contract, serves as a business associate of the Department, as "business associate" is defined in the

HIPAA Privacy Rule (45 CFR §160.103), Contractor shall assist the Department in responding to the client as provided in the HIPAA Privacy Rule, and shall maintain for a period of six (6) years any records relevant to an individual's eligibility for services under the DHFS Medical Program.

9.1.22 **Nondiscrimination.** Contractor shall abide by all federal and State laws, regulations, and orders that prohibit discrimination because of race, color, religion, sex, sexual orientation, gender identity, national origin, ancestry, age, or physical or mental disability, including the Federal Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Federal Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972 (regarding education programs and activities), the Age Discrimination Act of 1975, the Illinois Human Rights Act, and Executive Orders 11246 and 11375.

9.1.22.1 Contractor further agrees to take affirmative action to ensure that no unlawful discrimination is committed in any manner, including the delivery of services under this Contract.

9.1.22.3 Contractor may not discriminate against any Provider who is acting within the scope of his/her licensure solely on the basis of that licensure or certification.

9.1.22.4 Contractor will provide each Provider or group of Providers whom it declines to include in its network written notice of the reason for its decision.

9.1.22.5 Contractor shall not discriminate against Providers that serve high-risk populations or that specialize in conditions that require costly treatment.

9.1.22.6 Nothing in sections 9.1.22.3, 9.1.22.4 or 9.1.22.5 may be construed to require Contractor to contract with Providers beyond the number necessary to meet the needs of its Enrollees; preclude Contractor from using different reimbursement amounts for different specialties or for different practitioners in the same specialty; or preclude Contractor from establishing measures that are designed to maintain quality of services and control costs and are consistent with its responsibilities to Enrollees.

9.1.23 **Child support.** Contractor shall ensure its employees who provide services under this contract are compliant with child support payments pursuant to a court or administrative order of this or any other State. Contractor will not be considered out of compliance with the requirements of this section if, upon request by the Department, Contractor provides:

- 9.1.23.1 proof of payment of past-due amounts in full;
 - 9.1.23.2 proof that the alleged obligation of past-due amounts is being contested through appropriate court or administrative proceedings and Contractor provides proof of the pendency of such proceedings; or
 - 9.1.23.3 proof of entry into payment arrangements acceptable to the appropriate State agency.
- 9.1.24 **Notice of change in circumstances.** In the event Contractor, Contractor's parent, or a related corporate entity becomes a party to any litigation, investigation or transaction that may reasonably be considered to have a material impact on Contractor's ability to perform under this Contract, Contractor will immediately notify the Department in writing.
- 9.1.25 **Performance of services and duties.** Contractor shall perform all services and other duties as set forth in this Contract in accordance with, and subject to, applicable Administrative Rules and Department policies including rules and regulations which may be issued or promulgated from time to time during the term of this Contract. Contractor shall be provided copies of such upon Contractor's written request.
- 9.1.26 **Consultation.** Contractor shall promptly furnish the Department with copies of all correspondence and all documents prepared in connection with the services rendered under this Contract.
- 9.1.27 **Employee handbook.** Contractor shall require that its employees and Subcontractors who provide services under this Contract at a location controlled by the Department, or any other State agency, abide by applicable provisions of the Department's Employee Handbook.
- 9.1.28 **Disputes between Contractor and Third Parties.** Any dispute between Contractor and any Third Party, including any Subcontractor, shall be solely between such Third Party and Contractor, and the Department shall be held harmless by Contractor. Contractor agrees to assume all risk of loss and to indemnify and hold the Department and its officers, agents, and employees harmless from and against any and all liabilities, demands, claims, suits, losses, damages, causes of Adverse Benefit Determination, fines, or judgments, including costs, attorneys' and witnesses' fees, and expenses incident thereto, for Contractor's failure to pay any Subcontractor, either timely or at all, regardless of the reason.
- 9.1.29 **Fraud, Waste, Abuse, and financial misconduct.** In accordance with section 5.35, Contractor shall report in writing to the OIG any suspected Fraud, Waste, Abuse, or financial misconduct associated with any service or function provided for under this Contract by any parties directly or indirectly affiliated with this Contract, including Contractor's staff, Contractor's Subcontractors,

the Department's employees, and the Department's Contractors. Contractor shall make this report within three (3) days after first suspecting Fraud, Waste, Abuse, or financial misconduct. Contractor shall not conduct any investigation of the suspected Fraud, Abuse, or financial misconduct without the express concurrence of the OIG; the foregoing notwithstanding, Contractor may conduct and continue investigations necessary to determine whether reporting is required under this section 9.1.29. Contractor shall cooperate with all investigations of suspected Fraud, Waste, Abuse, or financial misconduct reported pursuant to this paragraph. Contractor shall require adherence with these requirements in any contracts it enters into with Subcontractors. Nothing in this section 9.1.29 precludes Contractor or Subcontractors from establishing measures to maintain quality of services and control costs that are consistent with their usual business practices, conducting themselves in accordance with their respective legal or contractual obligations, or taking internal personnel-related actions.

- 9.1.30 **Gifts.** Contractor must comply with all applicable State and federal statutes related to gifts. Contractor and Contractor's principals, employees, and Subcontractors are prohibited from giving gifts to Department employees, and from giving gifts to, or accepting gifts from, any Person who has a contemporaneous contract with the Department involving duties or obligations related to this Contract.
- 9.1.31 **Media relations and public information.** Subject to any disclosure obligations of Contractor under applicable law, rule, or regulation, including any open meeting obligations Contractor has as a governmental body, news releases, publications, presentations, technical papers, or other information disseminated to the public pertaining to this Contract or the services or project to which it relates shall be in coordination with the Department. The Parties shall work in good faith to resolve any differences they may have regarding a public disclosure.
- 9.1.32 **Excluded individuals/entities.** Contractor shall ensure that all current and prospective employees, contractors, and Subcontractors are screened prior to engaging their services under this Contract and at least monthly thereafter, by:
- 9.1.32.1 requiring current or prospective employees, contractors, or Subcontractors to disclose whether they are excluded individuals/entities; and

- 9.1.33 For purposes under section 9.1 of this Contract, “excluded individual/entity” shall mean a Person who:
- 9.1.33.1 under Section 1128 of the Social Security Act, is or has been terminated, barred, suspended, or otherwise excluded from participation in, or as the result of a settlement agreement has voluntarily withdrawn from participation in, any program under federal law, including any program under Titles IV, XVIII, XIX, XX, or XXI of the Social Security Act;

- 9.1.34 Contractor shall terminate its relations with any employee, Contractor, or subcontractor immediately upon learning that such employee, Contractor, or subcontractor meets the definition of an excluded individual/entity, and shall notify the OIG of the termination.
- 9.1.35 **Termination for breach of HIPAA requirements.** Contractor shall comply with the terms of HIPAA requirements set forth in Attachment VI. Upon the Department’s learning of a material breach of the terms of the HIPAA requirements, the Department may take any or all of the following actions:
- 9.1.35.1 Immediately terminate the Contract; and
 - 9.1.35.2 Provide Contractor with an opportunity to cure the breach or end the violation, and terminate the Contract if Contractor does not cure the breach or end the violation within the time specified by the Department; and

- 9.1.36 **Retention of HIPAA records.** Contractor shall maintain, for a minimum of six (6) years, documentation of the protected health information disclosed by Contractor, and all requests from individuals for access to records or amendment of records in accordance with 45 CFR §164.530(j).
- 9.1.37 **Sale or transfer.** Contractor shall provide the Department with the earliest possible advance notice of any sale or transfer of Contractor's business. The

Department has the right to terminate this Contract upon notification of such sale or transfer.

- 9.1.38 **Coordination of benefits for Enrollees.** Money that Contractor receives as a result of Third-Party liability collection activities may be retained by Contractor to the extent, as permitted by law, Contractor has paid any claim or incurred any expense. Upon the Department's verification that an Enrollee has Third-Party coverage for major medical benefits, the Department shall disenroll such Enrollee from Contractor. Contractor shall be notified of the disenrollment on the 834 Daily File. Contractor shall report any and all Third-Party liability collections it makes with Contractor's Encounter Data. Contractor shall report to the Department those Enrollees who Contractor discovers to have any Third-Party health insurance coverage.
- 9.1.39 **Subrogation.** If an Enrollee is injured by an act or omission of a Third Party, Contractor shall have the right to pursue subrogation and recover reimbursement from the Third Party for all Covered Services that Contractor provided to the Enrollee in exchange for the Capitation paid hereunder.
- 9.1.40 **Consent Decrees.** Contractor shall consult and cooperate with the State in meeting any obligations the State may have under any consent decree, including the *Colbert v. Quinn*, No. 07 C 4735 (N.D. Ill.), and *W Williams v. Quinn*, No. 05 C 4673 (N.D. Ill.). Contractor shall modify its business practices, as required by the State, in performing under the Contract in order for the State to comply with such consent decrees and, if necessary, enter into any amendments to the Contract. If compliance with section 9.1.40 necessitates the expenditure of additional material resources, then the Department will address adjustments of the Capitation rates as set forth in section 7.7.

9.2 CERTIFICATIONS

- 9.2.1 **General.** Contractor acknowledges and agrees that compliance with this section 9.2 and each subsection thereof is a material requirement and condition of this Contract, including renewals. - 9.2.1.1 As part of each certification, Contractor acknowledges and agrees that if Contractor or its Subcontractors provide false information, or fail to be or remain in compliance with the standard certification requirements, one (1) or more of the sanctions listed below will apply. Identifying a sanction or failing to identify a sanction in relation to any of the specific certifications does not waive imposition of other sanctions or preclude application of sanctions not specifically identified. Attachment XX

Individual Provider Payment Policy

The Contractor shall pay for DHS-DRS HCBS Waiver services provided by Individual Providers, including Personal Assistants, by making payment to the State. DHS-DRS and the Enrollee shall remain the co-employers of the Individual Provider. DHS-DRS, as the co-employer, shall be responsible for making payment, and for the performance of related payroll and employment functions, for the Individual Providers. After the first one hundred eighty (180) days of an Enrollee's enrollment, Contractor shall be responsible to provide DHS-DRS with data, in a mutually agreed upon format, necessary to pay these bills prior to the date the bills are due to be submitted. The State will provide invoices to the Contractor, in a mutually agreed upon format, within sixty (60) days after DHS-DRS has paid such invoices for Individual Providers' hours paid to Individual Providers.

The State is a party to a collective bargaining agreement with Service Employees International Union (SEIU) covering Individual Providers, including Personal Assistants, in certain HCBS Waivers. Services provided by Individual Providers are included as a Covered Service. Wages agreed to pursuant to the collective bargaining agreement constitute the Medicaid rate for Individual Provider services, which the Contractor is obligated to pay. The Contractor shall have no obligation to become party to such agreement, or have any liability under such agreement, as a result of entering into this Contract. If the parties to the SEIU agreement negotiate terms that the Contractor reasonably demonstrates materially increase the Contractor's cost of providing, or arranging for the provision of, Covered Services or otherwise meeting its obligations under this Contract, the Department will address adjustments of the Capitation rates as set forth in Section 7.1. Nothing in this Contract shall impair or diminish DHS-DRS' status as co-employer of the Individual Providers working under the Home Services Program under Section 3 of the Disabled Persons Rehabilitation Act (5 ILCS 315). Nothing in this Contract shall diminish the effect of the collective bargaining agreement covering Individual Providers' employment.

Attachment XXI

Required minimum standards of care

1. SCOPE

Contractor shall provide or arrange to provide to all Enrollees Covered Services at locations serving the Contracting Area that assure availability and accessibility to Enrollees.

2. IMPLEMENTATION

Contractor will implement written and verbal methods to notify and inform Enrollees of the need for and benefits of health screenings and physical examinations. Contractor will provide or arrange to provide all such examinations to all its Enrollees.

3. COVERED SERVICES

All Covered Services provided by or arranged to be provided by Contractor shall be in accordance with current Department policies and prevailing professional community standards. All clinical practice guidelines shall be based on established, evidence-based, best-practice standards of care, promulgated by leading academic and national clinical organizations, and shall be adopted by Contractor's Quality Assessment and Performance (QAP) Committee with sources referenced and guidelines documented in Contractor's QAP. Contractor shall provide ongoing education to Network Providers on required clinical guideline application and provide ongoing monitoring to assure that its Network Providers are utilizing them.

Minimum Covered Services include:

- a. **Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services to Enrollees under the age of twenty-one (21).** All Enrollees under twenty-one (21) years of age are eligible to receive screening services inclusive of a comprehensive health history, developmental history (including assessment of both physical and mental health development), a comprehensive unclothed physical exam, laboratory tests (including blood lead level assessment) and health education; vision services; dental services; hearing services; other necessary health care, diagnostic services, treatment and other measures to ameliorate defects, physical and mental illnesses and conditions identified; and appropriate childhood immunizations at intervals as specified by the EPSDT Program as set forth in §§1902(a)(43) and 1905(a)(4)(B) of the Social Security Act and 89 Ill. Adm. Code 140.485.

Contractor shall provide EPSDT services in conformance with the [*Handbook for Providers of Healthy Kids Services*](#), including future revisions.

- i. Contractor shall employ strategies to ensure that Child Enrollees receive comprehensive child health services, per the Department's recommended

periodicity schedule or more frequently, as needed, and shall perform Provider training to ensure that best-practice guidelines are followed in relation to well child services and care for acute and Chronic Health Condition care needs.

- ii. Any condition discovered during the screening examination or screening test requiring further diagnostic study or treatment must be provided if within the scope of Covered Services. Contractor shall refer the Enrollee to an appropriate source of care for any required services that are not Covered Services. If, as a result of EPSDT services, Contractor determines an Enrollee is in need of services that are not Covered Services but are services otherwise provided for under the HFS Medical Program, Contractor will ensure that the Enrollee is referred to an appropriate source of care. Contractor shall have no obligation to pay for services that are not Covered Services.
- iii. Annually, inform Enrollees about the EPSDT program.
- iv. Provide information about the EPSDT program to families who are newly enrolled with the plan. Use a combination of written and oral methods. For newly enrolled families provide information generally within 60 days following the date of the new enrollment with the plan.
- v. Inform pregnant women about the availability of EPSDT services for children under age 21 (including children eligible as newborns).
- vi. Assist pregnant women or legal guardians to enroll infants in Medicaid and to identify a primary care provider for the infant. It is suggested that plans use HFS Form 4691 as an educational tool, but plans may use other means, including direct assistance, to help pregnant women or legal guardians enroll the infant in Medicaid.

- b. **Preventive medicine schedule (services to Enrollees age twenty-one [21] years or older).** The following preventive medicine services and age schedule is the minimum acceptable range and scope of required services for the average-risk patient. These guidelines do not supplant clinical judgment of the alternative schedule for adult preventive medicine services as long as such schedule is based upon recognized guidelines such as those recommended by the current United States Preventive Service Task Force.

Contractor shall ensure that a complete health history and physical examination is provided to each Enrollee initially within the first twelve (12) months of his or her Effective Enrollment Date. Thereafter, for Enrollees from the age of twenty-one (21) to the age of sixty-four (64), Contractor shall ensure that a complete health history and physical examination is conducted every one to three (1–3) years, as indicated by Enrollee's need and clinical care guidelines. For Enrollees age sixty-five (65) or older, Contractor shall ensure that a complete health history and physical examination is conducted annually. With each health history and physical

examination, screening, counseling, and immunization should be provided in accordance with national medical organizations' guidelines.

For purposes of this section, a "complete health history and physical examination" shall include, at a minimum, the following health services regardless of age and gender of each Enrollee:

- Initial and interval history;
- Height and weight measurement for body mass index (BMI);
- Blood pressure;
- Nutrition and physical activity assessment and counseling;
- Alcohol, tobacco, substance abuse, intimate partner violence, and depression screening and counseling; and
- Health promotion and anticipatory guidance.

Any known condition or condition discovered during the complete health history and physical examination requiring further Medically Necessary diagnostic study or treatment must be provided if within the scope of Covered Services.

- i. The following are cancer screenings for healthy adults with recommended age and intervals:
 - A. Cervical cancer: Women age twenty-one to twenty-nine (21–29) should have cytology (pap smear) every three (3) years. For women age thirty to sixty-five (30–65), extended screening to every five years (5) is appropriate after three (3) satisfactory normal cytology results and a negative human papillomavirus (HPV) test. Women over age sixty-five (65) with adequate screening or women of any age who have had a hysterectomy with removal of the cervix for benign reasons and without a history of high-grade lesion or at low risk for cervical cancer do not need screening. The HPV vaccine series should also be offered for those up to age twenty-six (26) years old, if not already immunized.
 - B. Breast cancer: Women age forty to forty-nine (40–49) are recommended to have biennial mammogram screenings, and annual screenings begin at age fifty (50). Clinical breast exams are recommended every one (1) to three (3) years from twenty to forty (20–40) years old and annually thereafter. Breast self-awareness to recognize changes should be discussed from age twenty (20). Women with a family history of breast, ovarian, tubal, or peritoneal cancer should be offered the gene mutation screening for BRCA 1 and BRCA2. Subsequent positive testing should be offered genetic counseling. Women who are at increased risk for breast cancer should be counseled and offered risk-reducing medication such as

selective estrogen response modulators.

- C. Colorectal cancer: Men and women are recommended to have a colonoscopy at age fifty (50) and again every ten (10) years OR fecal occult blood test (FOBT) every three (3) years with flexible sigmoidoscopy every five (5) years OR annual FOBT until age seventy-five (75) years.
 - D. Prostate cancer: There is no recommendation to screen for prostate cancer with prostate-specific antigen (PSA) testing for the asymptomatic, low-risk man. Along the same line, performance of a digital rectal exam (DRE) is at the discretion of the Provider and after informed discussion with the patient. Screening with both PSA and DRE may be considered at age forty (40) for those of African American ancestry or those with a first-degree relative diagnosed at younger than sixty-five (65) years of age.
 - E. Skin cancer: There are no specific age or interval recommendations, but general preventive exams should include examination of the skin with attention to those with family history of skin cancer or considerable exposure to sun and sunburns. Fair-skinned men and women age sixty-five (65) and older or people with atypical moles or greater than fifty (50) moles may be at greater risk for melanoma.
- ii. The following are recommended other screenings with age and intervals:
- A. Diabetes mellitus type two: Screening should start at age forty-five (45) at three (3)-year intervals for the Enrollee with normal weight and no other risk factors. For those with first-degree relatives with diabetes mellitus, clinical signs and symptoms consistent with glucose intolerance, or sustained blood pressure greater than 135/80, screening may begin earlier. Fasting plasma glucose is the preferred screening method, however the two (2)-hour oral glucose tolerance test (OGTT) or a hemoglobin A1c test are both also considered appropriate.
 - B. Lipid disorder: Cholesterol screening for men and women should begin at thirty-five (35) years old and recur at five (5)-year intervals. For men and women at risk of coronary artery disease (CAD) screening should start at twenty (20) years old. Higher risk of coronary artery disease may include family history of CAD, obesity, hypertension, diabetes, and current tobacco use.
 - C. Osteoporosis: Women age sixty-five (65) or older are recommended to be screened for bone mineral density with dual energy x-ray absorptiometry. For those with one risk factor or a fracture risk equivalent to a sixty-five (65)-year-old white woman, screening may begin earlier. An interval of two (2) years is usually sufficient for clinical changes. Increased risk factor may include certain ethnicities, very low BMI, history of fractures, tobacco use, limited exercise, and other chronic

diseases.

- D. Sexually transmitted infections: See “Family Planning and reproductive health care” section herein.
 - E. Tuberculosis: Annual tuberculin (Mantoux) skin testing should be performed on all at-risk Enrollees. Those at risk may include men and women with signs and symptoms of tuberculosis, those who have had recent contact with someone diagnosed with tuberculosis, those with occupational or living hazard of close quarters, recent immigrants from county with high prevalence of tuberculosis, those who use illicit drugs, those with a compromised immune system, and healthcare workers.
- iii. The following are recommended immunizations by age and interval for both male and female Enrollees, unless contraindicated:
- A. Influenza: One (1) dose annually.
 - B. Tetanus/Diphtheria (Tdap/Td): One (1) Tdap and one (1) Td booster every ten (10) years.
 - C. Varicella: One (1) series of two (2) doses for all adults without previous evidence of immunity.
 - D. Human Papilloma Virus (HPV): One (1) series of three (3) doses for men and women age twenty-six (26) or younger.
 - E. Shingles (zoster): One (1) dose at sixty (60) years of age or older.
 - F. Hepatitis A and B: Combined Hepatitis A and Hepatitis B immunizations as one (1) series of three (3) doses; OR one (1) series of two (2) Hepatitis A immunization doses; OR one (1) series of three (3) Hepatitis B immunization doses, provided at any age for any Enrollee requesting protection.
- c. **Family Planning and reproductive health care.** Contractor shall ensure that the full spectrum of Family Planning options and reproductive health services are appropriately provided within the Provider's scope of practice and competence. The Contractor shall follow federal and State laws regarding minor consents and confidentiality. Family Planning and reproductive health services are defined as those services offered, arranged, or furnished for the purpose of preventing an unintended pregnancy or to improve maternal health and birth outcomes. The Contractor must follow nationally recognized standards of care and guidelines for sexual and reproductive health, such as those established by the Centers for Disease Control and Prevention (CDC) or the American Congress of Obstetricians and Gynecologists (ACOG) and comply with the requirements of the Affordable Care Act.

Contractor policies shall not present barriers or restrictions to access to care, such as prior authorizations or step-failure therapy requirements. Contractor shall cover

and offer all Food and Drug Administration (FDA)–approved birth control methods with education and counseling on the most effective methods first, specifically long-acting reversible contraception (LARC). Enrollees have the freedom to choose the preferred birth control method that is most appropriate for them.

Contractor shall provide the following Family Planning and reproductive health services:

- i. A reproductive life plan, which may include a preconception care risk assessment (see [HFS Form 27](#), Preconception Screening Checklist) and preconception and interconception care discussions.
- ii. Education and counseling on all contraceptive methods, with emphasis on presenting the most effective methods first, specifically LARC methods such as intrauterine devices (IUDs) and the implantable rod.

- iv. Permanent methods of birth control, including tubal ligation, transcervical sterilization, and vasectomy.
- v. Basic infertility counseling, consisting of medical/sexual history review and fertility awareness education. Infertility medications and procedures are not Covered Services.
- vi. Reproductive health exam, with pelvic exam decoupled from the provision of contraception.
- vii. Sexually transmitted infection (STI) screenings. Sexually active enrollees under age twenty-six (26) should be screened annually for chlamydia and gonorrhea. Enrollees under age twenty-six (26) should be screened for chlamydia and gonorrhea if presenting in clinical settings with a high prevalence of STIs such as STD clinics, adolescent health centers, and Family Planning clinics. For all Enrollees who are age twenty-six (26) or older, screening should be based on risk factors such as symptoms, new partners, multiple partners, or recent history of another STI. For all Enrollees, syphilis screening is recommended if he or she is infected with another STI or has risk factors such as men having sex with men, recent incarceration, IV drug use, or commercial sex workers. The CDC recommends a one-time screening for Hepatitis C for all Enrollees born from 1945 to 1965 regardless of risk factors. Blanket screening for Hepatitis C is not recommended because testing low-risk individuals may increase the risk of false positives.
- viii. Universal HIV testing, counseling, and screening.
- ix. Testing and treatment for genital and related infections and other

pathological conditions.

- x. Lab test or screening necessary for Family Planning and reproductive health services.
- xi. Cervical cancer screening, management, and early and ongoing treatment.

Contractor must be able to provide equally high-quality obstetrical care to special populations such as adolescents, homeless women, and women with developmental or intellectual disabilities.
- C. The specific areas to be addressed regarding the provision of prenatal care include but are not limited to the following items:
 - Risk counseling for STI/HIV, intimate partner violence, teratogen exposure, substance use and abuse and potential for preterm delivery screenings, and education on use of 17P, if appropriate.

Contractor shall have protocols in place to facilitate the continuum of care after the obstetric period.
- D. Contractor shall require all Providers to identify high-risk pregnancies in a timely manner and arrange for a maternal fetal medicine specialist or transfer to Level III perinatal facilities in accordance with ACOG guidelines and the Illinois Perinatal Act requirements for referral and/or transfer of women with a high-risk pregnancy. Risk-appropriate care shall be ongoing during the perinatal period. After delivery and discharge, the Enrollee shall have a mechanism to readily communicate with her health team and not be limited to a single six (6)-week postpartum visit.
 - Contractor must continue to engage the Enrollee in health promotion and Chronic Health Condition maintenance by supporting the postpartum mother with seamless referrals to avoid interruption of care.
 - Contractor shall assure that Enrollees are transitioned to a medical home for ongoing well-woman care, as needed. After the postpartum period, Contractor shall identify and follow closely Enrollees who delivered and who are at risk of or diagnosed with diabetes, hypertension, heart disease, depression, substance use, obesity, or renal disease.
