

June 9, 2017: Update

The Department has issued the following update regarding the timeline for the State of Illinois Medicaid Managed Care Organization Request for Proposals:

1. Offerors are reminded that future dates provided in the RFP timeline (RFP Section 1.3) are intended to be approximate and are subject to change. This applies to the dates for oral presentations, the opening of financial proposals, and award announcements.
2. In order to ensure an accurate, thorough review of each Offeror's proposal, the Department is extending the timeline for evaluation of the technical proposals. The Department estimates that this will move the oral presentations outlined in RFP Section 3.5 to the first part of July.
3. In accordance with RFP Section 3.5.7, the Department will notify Offerors of their invitations to provide oral presentations no less than one (1) week prior to the scheduled date of the oral presentation.
