

**PROPOSED CHANGES IN METHODS AND STANDARDS
FOR ESTABLISHING MEDICAL ASSISTANCE PAYMENT RATES**

**STATE OF ILLINOIS
DEPARTMENT OF HEALTHCARE AND FAMILY SERVICES**

The Illinois Department of Healthcare and Family Services (HFS) is proposing changes in the methods and standards of payment to providers. The proposed changes become effective for dates of service on or after January 1, 2024.

- Pursuant to [Public Act 103-0008](#), the Department of Human Services (DHS) and the Department of Healthcare and Family Services are proposing to implement rate increases for facilities licensed by the Department of Public Health under the ID/DD Community Care Act, as well as facilities licensed under the MC/DD Act for services delivered on or after January 1, 2024. Rates shall include:
 - A \$2.50 per hour wage increase for all direct support personnel and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases, who work in residential and community day services settings, with at least \$1.25 of those funds to be provided as a direct increase to all aide base wages, with the remaining \$1.25 to be used flexibly for base wage increases to the rate methodology for aides.
 - An increase sufficient to provide wages for all residential non-executive direct care staff, excluding aides, at the federal Department of Labor, Bureau of Labor Statistics' average wage.
- Pursuant to [Public Act 103-0102](#), any reimbursement increases applied to the base rate to providers licensed under the ID/DD Community Care Act must also be applied in an equivalent manner to each tier of exceptional care per diem rates for medically complex for the developmentally disabled facilities.
- Effective January 1, 2024, the exceptional care per diem rates (tiers) for medically complex for the developmentally disabled facilities shall be increased 6% over the amount in effect on June 16, 2023, except that Tier 3 ventilator reimbursement rates for facilities licensed under the MC/DD Act will be increased to \$1000 per day.

These proposed changes will increase expenditures by approximately \$54.4 million annually. The proposed change is subject to approval by the federal Centers for Medicare and Medicaid Services and may be modified or revised during the approval process.

Any interested party may submit questions or comments concerning these proposed changes in reimbursement methods and standards. All questions or comments must be submitted in writing within thirty (30) days of the publication date of this notice and addressed to:
