CNA Initiative Program Changes

Fiscal Year 2025 will encompass more stringent deadlines for submission to facilitate payments in a timely fashion. During the initial rollout of this program, HFS was intentionally flexible on timelines for submission, which also had the effect of delaying payments. Given that this program has entered its third year, providers should be accustomed to the data and submission needed, and HFS is trying to adhere to a quarterly payment schedule; therefore, HFS will be putting hard submission deadlines in place. If a provider misses the deadline for the current quarter, their submission will be held for processing until the following quarter.

Our goal is to process payments the last week of the quarter, so payments can be received the beginning of the following quarter. Therefore, MCOs and providers should receive Q4 payments the first week of SFY25 Q1.

A new email has been established that is dedicated to the CNA Initiative Program. Please use HFS.LTC.CNAinitiative@Illinois.gov for all inquiries beginning 07/01/24.

A process has been established for Nursing Facilities that undergo a change of ownership (CHOW). Please email HFS.LTC.CNAinitiative@Illinois.gov to receive instructions to initiate the transition from the previous ownership to current ownership. A provider notice will be prepared and posted by the beginning of the Fiscal Year 2025.

All CHOW's will require a list of new users for SharePoint and new payee information for the Managed Care Plans including a new direct deposit form, W9 (Version 2018 or above), and a bank letter or cancelled check. New ownership will also need to provide a current enrollment form for the program.

Status Drop-down: SharePoint files are currently posted as 'New' status. Beginning with Quarter 1 of Fiscal Year 2025, once a spreadsheet is posted by the facility and pulled by HFS staff, the status of the original document will be updated to 'Moved to HFS Internal Files'. This will serve as the facility's notification of the status of the spreadsheet and confirm receipt on HFS's end. Spreadsheets submitted after the due date will be held until the following quarter for processing and will be given a status of "**In Progress**". Once the new spreadsheets are available, all pending spreadsheets will be pulled and removed for processing with the next quarter batch. Payments for late spreadsheets will be processed with the next quarter payments.

Payment Inquiries:

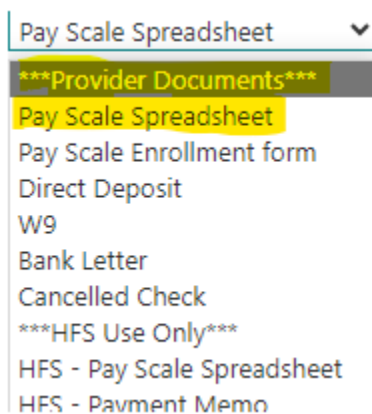

All payment inquiries must include the following information:

- Building ID Code
- Provider Number or NPI
- HFS Quarter in question
- Payment Amount
- Payor (HFS or MCO)
- Program (CNA or Quality Incentive)

CNA Inquiries should be sent to HFS.LTC.CNAInitiative@Illinois.gov.

Useful Tips:

Uploads to SharePoint require a document type and quarter to be selected from a drop-down box. Please select documents that are marked **Provider Use**.

Document types **preceded with an HFS acronym** are for internal use only. Please note that if you only update the spreadsheet as it is on the site, we do not know when it is completed, or that it is any different than the original upload. **It is imperative to download a copy to your computer so that you can be prompted to select a document type and quarter when uploading the final copy.** Please add the word **"Final"** to the completed spreadsheet before uploading. No other changes to the file name should be added or made.

In addition to a document type, you will be required to select a quarter. The quarter we are referencing is the HFS Quarter per the Fiscal Year – Not the PBJ quarter (see page 1 of this memo for information on how to make this determination). The quarter selection is part of how documents are pulled from the site for processing. Entering the incorrect quarter could result in pulling the wrong quarter, or not pulling the document at all because we are not pulling for the quarter selected.

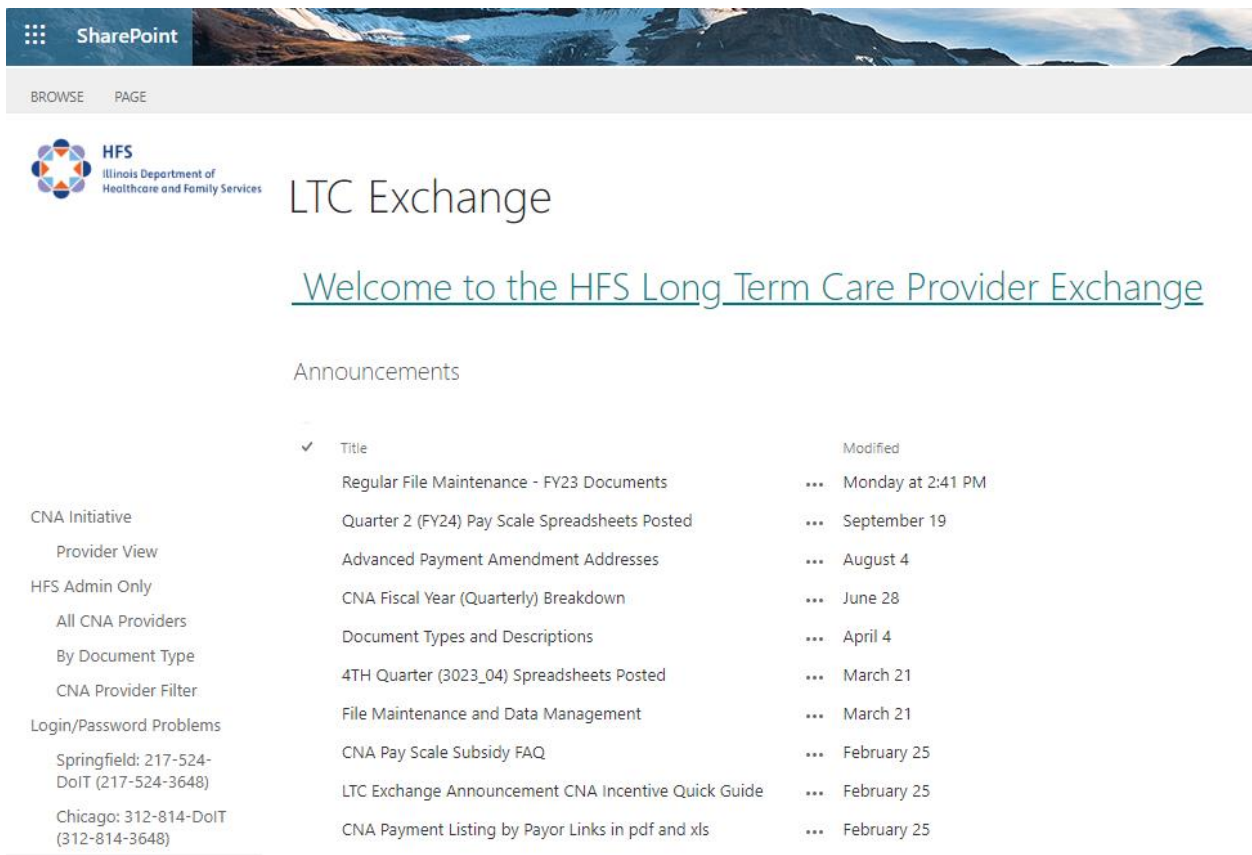

If either of the above steps are missed, the document will remain checked out to the person that uploaded it. Documents in a checked-out status cannot be viewed by anyone else and cannot be pulled

from the site for processing. The person uploading must always select the document type and quarter, then click Check In.

Failing to follow these steps could result in payment delays due to lost or missing files.
