Illinois Medicaid COVID-19 Fee Schedule

PLEASE NOTE: New COVID-19 related codes will be added to the HFS system as they are released by the Centers for Medicare and Medicaid Services (CMS) in accordance with the December 8, 2020 provider notice. Claims containing new codes which do not have a Medicare or National Government Services (NGS) rate will temporarily suspend until a code rate is assigned. Once a rate is assigned, the HFS system will be updated with that rate and any held claims released into processing.

Please Note: Evaluation and management services rendered by Physicians, Advance Practice Nurses, and Physician Assistants to new or existing patients using audio only telephonic equipment may be billed as a distant site telehealth service so long as the E/M service is of an amount and nature that would be sufficient to meet the key components of a face-to-face encounter. In this scenario, the claim must be submitted with place of service 02 (or 10 if applicable and the date of service is on/after 7/1/2022) and modifier GT (or 93 if applicable and the date of service is on/after 7/1/2022) appended to the applicable procedure code.

If an audio only telephonic interaction cannot meet key components of a face-to-face encounter, the provider may instead seek reimbursement for virtual check-in services using CPT code G2012. FQHCs/RHCs/ERCs will be reimbursed at the above rates (not their medical encounter rate) for virtual check-in and E-visit codes. Virtual check-in and e-visit/online portal services must be submitted fee-for-service without the T1015 encounter code.

COVID-19 Diagnostic Testing Specimen Collection

***Billable by Local Health Departments, Physicians, Advance Practice Nurses (APNs), Physician Assistants (PAs), and Federally Qualified Health Centers (FQHCs) with drive-thru testing sites. FQHCs may bill fee-for-service when there is not a billable medical encounter. Please note that providers normally subject to a SMART Act rate reduction (e.g. Independent Labs) must include modifier CR to exempt the COVID-related service from the rate reduction when billing outside HFS' COVID portal. It is not necessary to include the modifier when billing through the portal.**

COVID-19 Testing and Testing-Related Services for the Uninsured Population

The following procedure codes are covered for the uninsured population for the purposes of COVID-19 testing and testing-related services for dates of service beginning March 18, 2020. Testing-related services include those directly related to the administration of an in vitro diagnostic product described in section 1905(a)(3)(B) of the Social Security Act, or to the evaluation of a patient for purposes of determining the need for such product. ***PLEASE NOTE: All claims for the uninsured population must contain a diagnosis code indicating the patient encounter was for the purposes of COVID testing or COVID vaccine administration. Paid claims with no COVID or COVID-related diagnosis code are subject to post-payment review and recoupment.***

HCPCS codes: G2010, G2012, G2023, G2024, G2061, G2062, G2063, G2250, G2251, G2252, T1015

CPT codes: All COVID-19 laboratory testing and vaccine administration codes*, 71045, 71046, 71047, 71048, 99000, 99201, 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, 99215, 99421, 99422, 99423

**Note:* All COVID-19 laboratory testing and vaccine administration codes are billable for the uninsured population, effective with the specific code effective date.

Rates for these codes may be found on the COVID-19 Fee Schedule above, on the Practitioner Fee Schedule or, in the case of T1015, will be at the FQHC/RHC/ERC provider-specific medical encounter rate. Please note, effective dates for codes found on the COVID-19 fee schedule above are applicable, and CPT 99201 is an obsolete code effective with dates of service beginning 1/1/2021. Providers normally subject to a SMART Act rate reduction must include modifier CR to exempt the COVID-related service from the rate reduction when billing outside HFS' COVID portal. It is not necessary to include the modifier when billing through the portal.

As a reminder, Federally Qualified Health Centers (FQHCs) may bill specimen collection procedure code 99000 – Handling of Specimen for Transfer from Office to Lab, as fee-for-service utilizing the full functionality of the COVID portal. However, if an FQHC needs to bill a T1015 encounter for a testing-related service, it can only use the portal to obtain a RIN. The FQHC will have to submit the encounter claim through its normal billing process outside the portal once a RIN is obtained.
