Springfield, Illinois 62763-0002

Telephone: (217) 782-1200
TTY: (800) 526-5812

Medicaid Advisory Committee
Public Education Subcommittee Meeting
Thursday, June 15th, 2017
10:00 a.m. to 12:00 p.m.

401 S. Clinton St., Chicago – 1st Floor Video Conference Room
201 S. Grand Ave. East Bloom Bldg., Springfield – 1st Floor Large/Video Conference Room

Agenda

1. Introduction
2. Approval of the Meeting Minutes from April 13th, 2017
3. Care Coordination Update
4. ABE/IES Update
5. Medicaid Redetermination Update
6. Open Discussion and Announcements
7. Adjourn

For anyone who cannot attend in person but wishes to participate by conference call, please confirm your attendance by responding to HFS Website via e-mail at hfs.mac@illinois.gov or by phone at 312 793-1948 or 312 793-5270. This will help to ensure the distribution of meeting materials and to accurately record your participation. You will receive meeting instructions and the access code when you confirm. The conference call telephone number is: 1-888-494-4032.

This notice is also available online at:

<https://www.illinois.gov/hfs/About/BoardsandCommissions/MAC/News/Pages/default.aspx>

IDOC Community Release Change Form

To remain eligible for medical assistance, I understand I must report changes in my circumstances. In anticipation of being released to the community, I am reporting the following:

Name: _____
first name last name

Date of Birth: ____/____/____
Month Date Year

Write in your Medical Case Number **or** your Social Security Number (SSN) below:

Case Number: ____ - ____ - ____ - ____ Or ____
Cat. L.O. Group Basic 9-digit number

Your case number can be found on the first page of your Notice of Decision.

Or SSN: ____ - ____ - ____ (not required if your case number is listed above)

New Address _____
street address city state zip

Mailing Address (if different) _____
street address city state zip

Do you expect to file an income tax return for the current year? Yes No

If you are married, will you be filing taxes jointly? Yes No

Will you be claimed as a tax dependant by anyone? Yes No If yes, by whom? _____

Will you be living with any relatives? Yes No If yes, please tell us who they are:

Name (Last, First, MI)	Birthdate	SSN (optional)	Relationship to You	Claiming as tax dependant?
				<input type="checkbox"/> Yes <input type="checkbox"/> No
				<input type="checkbox"/> Yes <input type="checkbox"/> No
				<input type="checkbox"/> Yes <input type="checkbox"/> No
				<input type="checkbox"/> Yes <input type="checkbox"/> No
				<input type="checkbox"/> Yes <input type="checkbox"/> No

IDOC faxed this form to the DHS Family Community Resource Center (FCRC) at 217-____-_____.

What's Next?

For My Medical Coverage

It is important to make sure your HFS medical card remains active. If you do not keep your address updated, it may keep you from getting health care that you need.

You can get these medical services with your medical card:

- Prescription medicine
- Doctor or clinic visits
- Treatment for substance abuse or mental illness
- Lab tests and x-rays
- Hospital services
 - Emergency Room
 - Inpatient hospital care
 - Outpatient hospital care
- Medical transportation (ambulance and non-emergency transportation)
- Other medical services

Check with your medical provider to make sure they accept your medical card or that the medical service is “in-network” through your managed care plan.

Important! If you have not provided your community address to IDOC as part of your discharge plan, you must report your address right away to your DHS Family Community Resource Center (FCRC). IDOC will not forward any of your DHS mail to your new address. If your DHS FCRC cannot reach you by mail because your address is not updated, your medical coverage will stop.

Did you know that the U.S. Post Office will report your new address to the DHS FCRC? Report your new address to the U.S. Post Office by:

- Filling out a ***‘Change of Address’*** card at your local U.S. Post Office; or
- Visiting the internet at www.USPS.com (go to Quick Tools/Change My Address) to update your new address with the U.S. Post Office electronically.

Within 60 days (2 months) of your release to the community, you may need to pick a managed care health plan or primary care doctor. To find out if you are required to pick a plan, call 1-877-912-8880 (TTY: 1-866-565-8576). The health plans you can choose depend on the address we have on file for you.

Care Coordination

Serving patients through care coordination is the most efficient way here are the many ways we are helping the right provider deliver th

Welcome to the Care Coordination section of the Illinois Department of Healthcare and Family Services (HFS) website. According to state law, HFS enrolls Illinois Medicaid and All Kids clients into care coordination in five mandatory managed care regions: Rockford, Central Illinois, Metro East, Quad Cities, and the greater Chicago area. Over 60% of our 3 million clients have enrolled in Health Plans.

The goal of Care Coordination is to

- provide a health plan and primary care provider (PCP) for every client
- maintain continuity of care with that PCP
- create comprehensive networks of care around our clients including primary care, specialists, hospitals, and behavioral health care
- offer Care Coordination to help clients with complex needs navigate the healthcare system

This site will include information on HFS' Care Coordination programs, enrollment totals, program materials, quality measures, and project updates as they become available.

The website header includes the HFS logo and navigation links: MY HEALTHCARE, MEDICAL PROVIDERS, INFO CENTER, and ABOUT US. A search bar is also present.

About Us Home

The Illinois Department of Healthcare and Family Services (HFS) is responsible for providing healthcare coverage for adults and children who qualify for Medicaid, and for providing Child Support Services to help ensure that Illinois children receive financial support from both parents. The agency is organized into two major divisions, [Medical Programs](#) and [Child Support Services](#). In addition, the [Office of Inspector General](#) is maintained within the agency, but functions as a separate, independent entity reporting directly to the governor's office.

HFS was formerly the Illinois Department of Public Aid.

HFS Mission Statement

The Illinois Department of Healthcare and Family Services is committed to ensuring quality healthcare coverage at sustainable costs, empowering people to make sound decisions about their well-being and maintaining the highest standards of program integrity on behalf of the citizens of Illinois. Establishing and enforcing child support obligations to make sure children and their families have the opportunities they deserve.

Division of Medical Programs

The Division of Medical Programs administers and, in conjunction with the federal government, funds medical services provided to about 25 percent of the state's population.

Illinois' medical assistance programs, consisting of Medicaid and numerous other medical programs associated with it, provide comprehensive health-care coverage to about 3.2 million Illinoisans. The programs cover children, parents or relatives caring for children, pregnant women, veterans, seniors, eligible individuals, and persons who are blind and persons with disabilities.

The medical assistance programs are administered under provisions of the Illinois Public Aid Code; Illinois Children's Health Insurance Program Act; Covering All Kids Health Insurance Act; and Titles XIX and XXI of the federal Social Security Act. The department's mission is to improve the health status of the individuals enrolled in its programs, while simultaneously containing costs and maintaining program integrity.

Division of Child Support Services

The Division of Child Support Services provides services to custodial and noncustodial parents by establishing paternity as well as establishing, enforcing and modifying child-support obligations to strengthen families emotionally and financially. Child support services are available to all families, regardless of income, and to either parent.

To qualify for federal child-support services funds, each state must have a centralized unit to receive and distribute child-support payments made through income withholding, even if a family has not enrolled in the program.

Rina Shah, Presence Health
Priti Patel, VNA Health
Kim Burke, Lake County Health Department
Angela Boley, Land of Lincoln Legal Assistance Foundation

Illinois Department of Healthcare and Family Services
Public Education Subcommittee
Draft Meeting Minutes
April 13th, 2017

1. Introductions

Nadeen Israel conducted the meeting in the absence of Chairperson Kathy Chan. Attendees in Chicago and Springfield introduced themselves.

2. Review of Minutes

Ramon Gardenhire made a motion to approve the minutes from the February 9th meeting, which was seconded by Margaret Stapleton. The minutes were approved by a vote of 9 members in favor and zero opposed, with one abstention from Nadeen Israel who had not been in attendance at the February 9th meeting.

3. Pharmacy Benefits Management System (PBMS) Update

Mark Huston provided a PBMS report. He said that over all, the launching of the new Pharmacy Benefits Management System on March 26th had been a success. This is a new claim processing system that allows for faster and more efficient processing of fee-for service pharmacy claims. He noted, however that this service is not available for MCOs, which continue to have their own operational system. The PBMS is “more robust” than the current system and is expected to increase customer service by allowing greater access for pharmacies and prescribers. The new functionality is able to check for adverse drug reactions, in addition to making it possible to:

- submit prior authorizations (PA) requests and upload any supplemental information needed
- view the status of submitted PAs, including reasons for denial
- look up participant eligibility, drug history, and PA history
- view the Preferred Drug List (PDL), as well as
- submit pharmacy claims and receive a real-time approval or denial notification.

Mr. Huston said that, to ensure software updates (for addressing the payor sheets) are operative, HFS had offered the opportunity for interested pharmacy providers to participate in a pilot testing project designed to confirm appropriate changes to a payor sheet for data submission. He indicated that any additional questions should be directed to the Ancillary Services’ pharmacy billing consultants at 877-782-5565.

4. Care Coordination Update

Laura Phelan reported that enrollment of Medicaid clients in the various Managed Care Plans is updated monthly, and the enrollment data for February is currently available, adding that the information for the month of March will be published within the next few days. Please follow this link:

<https://www.illinois.gov/hfs/MedicalProviders/cc/Pages/ICPENrollment.aspx>

Ms. Phelan indicated that the Managed Care Provider Complaint portal was launched on February 15th. This portal is being staffed by state employees who receive complaints from providers about issues encountered with any of the Illinois Medicaid Managed Care Organizations (MCOs). She noted that a total of 950 issues have been submitted, of which 46 percent have been “Resolved”, and eight percent are in “Review Status” which means that the issues are being reviewed by HFS before being forwarded to the MCOs for research and resolution. Thirteen percent are “In-Process”, which means the MCOs are researching and resolving the issue before responding to HFS. Finally, 32 percent are either closed or duplicates. She noted that 84 percent of the issues reported in the provider complaint portal were related to payments and claims. John Jansa requested additional details on how HFS will

report and use the provider complaint portal data. This topic will be discussed during the next MAC Public Education Subcommittee meeting.

Laura Phelan also provided an update regarding Medicaid Managed Care in Central Illinois. The update reflected three provider notices that were sent out by HFS regarding the ICP, HHP, and MMAI populations in Central Illinois. These are available online at:

<https://www.illinois.gov/hfs/SiteCollectionDocuments/MolinaMemberFHPTerminationNoticeSouthernCentralILRegion.pdf>

Ms. Phelan indicated that the statewide care coordination map will be updated on May 1st, 2017. See

<https://www.illinois.gov/hfs/SiteCollectionDocuments/CareCoordiantionMapMay12017.pdf>

5. Medicaid Related Contact Information

Lauren Polite discussed a draft document with the committee, attached that contained a list of resources that community partners can use to assist individuals who are seeking or receiving medical benefits. Members of the committee had the opportunity to ask questions. Lauren asked that any additional suggestions should be sent to Lauren.Polite@illinois.com

In addition Lauren Polite presented a second handout containing pages from the HFS websites. She said that the HFS website has been enhanced and redesigned, and is easier to navigate. It contains a great amount of information for consumers, community partners, and medical providers. Please see second attachment.

6. ABE/IES Update

Jacqui Ellinger provided the ABE/IES update. She indicated that HFS and DHS continue their collaborative efforts in terms of the development of IES Phase Two. Nadeen Israel indicated that during a recent MAC meeting, director Felicia Norwood said that the launching of IES Phase Two is expected this fall.

7. Medicaid Redetermination Update

Jacqui Ellinger provided the Medicaid redetermination update. She said that the current MAXIMUS contract is set to expire in June of this year, however an extension is being negotiated in order to accommodate the launching of IES Phase Two. She also noted that the IMRP reports continue to be published on the HFS web site:

<https://www.illinois.gov/hfs/MedicalClients/medrede/Pages/default.aspx>

7. Criminal Justice Update

Jamie Ursch discussed a draft version of two forms with the committees which are intended to be used by individuals who are being released from the Illinois Department of Corrections (IDOC.) Jamie said that the main objective of the "What's Next?" form is intended to explain to inmates the importance of making sure that their medical cards remain active, how to update their new addresses, a brief overview of the services covered by the medical card, and how to find out if they will be required to choose a plan.

Jamie Ursch indicated that the IDOC "Community Release Change Form" asks inmates in anticipation of their release to report changes in terms of their personal circumstances which are relevant to calculating eligibility using MAGI (Modified Adjust Gross Income) budgeting. She explained that this methodology is used to determine eligibility for the Family Health Plans and the ACA Adult. Jamie answered all questions from the committee and asked to members to provide any additional feedback or recommendations to: Jamie.Ursch@illinois.gov or veronica.archundia@illinois.gov

Illinois Department of Healthcare and Family Services
Public Education Subcommittee
Draft Meeting Minutes
April 13th, 2017

Sherie Arriazola said that staff members from TASC have made reports about individuals who are being released from IDOC, who continue to have restricted benefits beyond eight days following their discharge. Jacqui asked that case specific information be provided and coordinated with Veronica Archundia for the appropriate intervention and resolution. Request should be sent to: veronica.archundia@illinois.gov

8. Open Discussion and Announcements

Nadeen Israel reminded members of the committee to send their agenda topic recommendations to veronica.archundia@illinois.gov

Jacqui Ellinger advised committee members to be in alert for updates concerning the June 15th meeting location, especially those participating in person at the HFS office in Springfield. She said that, due to scheduling conflicts, the locations could need to be changed.

9. Adjournment

The meeting was adjourned at 12:04 p.m. The next meeting is scheduled for June 15th, 2017, between 10:00 a.m. and 12:00 p.m.
