

UNIVERSITY OF ILLINOIS
AT URBANA-CHAMPAIGN

School of Social Work

1010 W. Nevada Street
Urbana IL 61801

Dear Providers,

We seek volunteers to participate in a study on Opioid Use Disorder (OUD) treatment in Illinois. We seek to better understand the role of prescribers in Opioid Use Disorder (OUD) treatment, prescribers' experience with waiver training programs and possible barriers to implementing an OUD program. If you would like to participate, you will be interviewed on Zoom, a video chat platform. It will last about 60 minutes. You may withdraw from the research project for any reason, at any time without explanation or penalty of any sort. To compensate you for your time and expertise, we will provide you with a \$50 Amazon e-Gift card.

Eligibility criteria:

- (1) being 18 years of age or older,
- (2) being any licensed medical provider in Illinois,
- (3) being eligible to provide medication assisted treatment for OUD, but has not written a prescription since becoming licensed,
- (4) being able to complete an interview in English, and
- (5) being willing to be audio/video recorded.

If you are interested in participating, please email us at MATsurvey@illinois.edu.

For more information, you may also contact Dr. Douglas C. Smith, Ph.D., LCSW, Professor and Director of the Center for Prevention Research and Development, School of Social Work, University of Illinois at Urbana-Champaign at smithdc@illinois.edu.

Sincerely,

Douglas C. Smith, Ph.D.
Professor, School of Social Work
