Subject: [External] Proposed changes in methods and standars
Date: Monday, September 25, 2023 1:38:33 PM

Hello Provider Representative,

We received the notice dated September 25, 2023 in regards to the proposed changes in methods and standars for establishing medical assistance payment rates.

Could you please explain in detail, which services are going to be affected by this? And or where could I find the detail information?

Thank you very much.
