

**PROPOSED CHANGES IN METHODS AND STANDARDS FOR ESTABLISHING
MEDICAL ASSISTANCE PAYMENT RATES**

**STATE OF ILLINOIS
DEPARTMENT OF HEALTHCARE AND FAMILY SERVICES**

The Illinois Department of Healthcare and Family Services (HFS/Department) is proposing a change in the methods and standards by which the Department will reimburse providers. The proposed change is effective for dates of service on or after January 1, 2024.

Pursuant to [PA 102-0665](#), the Department is proposing to add coverage for lactation support services delivered by International Board Certified Lactation Consultants (IBCLCs), Certified Lactation Counselors (CLCs), and Certified Lactation Specialists (CLSs). Lactation consultants provide assessment, education, counseling, and support on breastfeeding and human lactation to promote the successful attainment of breastfeeding goals. Lactation support services may be provided in the perinatal period through infant weaning.

The Department estimates this change will increase expenditures by \$0.6 million annually for services provided through fee-for-service or through managed care organizations. The proposed change is subject to approval by the federal Centers for Medicare and Medicaid Services and may be modified or revised during the approval process.

Any interested party may submit questions or comments concerning these proposed changes in reimbursement methods and standards. All questions or comments must be submitted in writing within thirty (30) days of the publication date of this notice and addressed to:
