HealthChoice Illinois is your way to quality Medicaid care!

What is HealthChoice Illinois?

HealthChoice Illinois is the expanded Medicaid managed care program that is now mandatory in all counties statewide. In HealthChoice Illinois, you must choose a health plan for care coordination.

You will have a Care Team dedicated to you for your healthcare needs. Your Care Team will help you find providers, get referrals, make appointments, get social services and access treatment support and other services. This helps you stay healthy and reach your health goals.

In HealthChoice Illinois, you must choose a health plan. Your HealthChoice Illinois health plan will help you with your long-term care or waiver service needs. HealthChoice Illinois will also cover some behavioral health services, transportation to medical appointments and help coordinating your care.

Even if you already have a health plan, it's important that you learn about all of your health plan choices.

To learn more, read *Your Health Plan Choices*, the *HealthChoice Illinois Plan Report Card* and *Choosing a HealthChoice Illinois Plan* (on the back of the Report Card) that came with this packet. Or go to our website at EnrollHFS.illinois.gov and click on "Compare Plans."

Care Coordination and your Care Team

With Care Coordination you have a Care Team who can help you get the care and services you need. Your care team may include your primary care provider (PCP), specialists, treatment services providers and social service providers.

After you enroll in a health plan, your plan will contact you. They will ask you questions about your health and lifestyle and give you information about your Care Team. Your Care Team will:

- Work with you to make a Care Plan that helps you meet your health goals
- Help you make doctor appointments and access support services
- Help you get prior approvals and referrals when needed
- Give you education on health management
- Find transportation for doctor visits and other appointments
- Help you access community and social services
- Be your main contact for your questions about health care services, including physical health, behavioral health and social services needs

It is important for you to work directly with your Care Team and health plan to get the best healthcare for you. To learn more, call your health plan's member services number.

Enrolling in a plan

Who must enroll in HealthChoice Illinois?

You must enroll in this program if:

- You are a senior or have a disability, **and**
- You are enrolled in Medicare and Medicaid, **and**
- You live in a long term care facility (nursing home) or get waiver services

Who cannot enroll in HealthChoice Illinois?

What does HealthChoice Illinois cover for me?

HealthChoice Illinois covers all the long term care you get now. It also covers any waiver services you get at home such as a personal assistant, homemaker, adult day care or an emergency home response system.

HealthChoice Illinois will also cover some behavioral health services, transportation to medical appointments and help coordinating your care.

Will HealthChoice Illinois change my Medicare benefits?

No. You will keep getting all your Medicare benefits the way you do now. You will stay in the Medicare prescription drug plan you are in now.

Questions?

If you have questions about Medicare, call **1-800-MEDICARE** (1-800-633-4227) 24 hours a day, 7 days a week or visit **www.Medicare.gov**. TTY users should call 1-877-486-2048. The call is free!

What happens if I don't choose a health plan?

You will have 30 days to choose a health plan. The deadline for choosing a plan is listed in the enrollment letter that came with this brochure. If you don't choose a health plan by that date, one will be chosen for you. The health plan you will be enrolled in is listed in your letter. You know your health needs best, so go online or call us to make your choice today!

Can I change my HealthChoice Illinois health plan?

Yes. You can change your HealthChoice Illinois health plan any time in the first 90 days after enrollment. After that you cannot change plans for one year. Once each year, you can change plans during a time called "open enrollment." We will send you a letter at that time. When changing plans, it is important for you to continue working with your current plan until your new plan starts.

What happens after I enroll?

Once you enroll in a health plan, you will receive a health plan member handbook and a member ID card. Look for them in the mail. Your plan will also send you information about your Care Team.

You will work with your health plan and Care Team to get the right healthcare services. This includes your physical health, behavioral health and social services needs. To learn more, call your health plan's member services number on your member ID card or in your member handbook.
