- I. **Call to order:** The regular bi-monthly meeting of the Medicaid Advisory Committee Quality Care Subcommittee was called to order August 26, 2020 at 10:05am by Ann Lundy.
- II. **Introductions:** The Chair took roll call for all Committee Members.
- III. **Review of February 26, 2020 Minutes:** The minutes from February 2020 were approved.
- IV. **HFS Bureau of Quality Updates:** COVID has certainly made us all look at things a little differently. The HFS Bureau of Quality Management is preparing our 2021 strategy and our pay for performance measures. We are focused on health equity. We are looking at maternal child health measures and how to improve. Child behavioral health measures and adult behavioral health measures are being addressed. All of these measures are being affected by COVID.
- V. **Review of Potential 2020 Quality Incentive Measures:** Behavioral health and maternal child measures among other measures were discussed. Changes to the well child metrics was discussed. It was felt that this should be looked at more closely. Another topic brought up regarding maternal child health was postpartum visits. It was felt that this too should be looked at more closely. EDW was discussed and questions were asked about the future of EDW moving forward. There was a slide show which is attached.
- VI. **Recommendations from Quality Committee to the Full MAC Committee:** It was requested to look closer at LTSS. Also, Lack of demographic data that is systematically available for the Medicaid population should be addressed. A demonstration of this was motioned and seconded. All were in favor of this motion.
- V. **Adjournment:** The meeting was adjourned at 11:43am.
- VI. **Next meeting:** November 4, 2020 at 10:00am.
